Course Catalog Extract Editor

## Report Logic

Reports a record for each active course number in the selected Course Catalog(s).

Courses only report once per Course Number even if the course exists more than once in a Course Catalog or in multiple catalogs.

Courses marked as inactive or exclude on the Course Master do not report.

When the **Full Catalog** checkbox is marked on the extract editor, the report returns all courses including courses with no scheduled students.

**Do NOT** mark this checkbox when creating the file for state submission.

When the **Full Catalog** checkbox is NOT marked, the report only returns courses with at least one student scheduled in the Academic Year selected on the extract editor.
