Last Modified on 06/02/2026 2:19 pm CDT

The **i4see Extracts** tool is no longer supported or updated by Infinite Campus. However, it is available in the Infinite Campus system for the time being, allowing schools to continue using reports as needed.

The **Initiative for New Hampshire's Data Exchange (iNHDEX)** is the statewide student information system implemented across all public schools and districts in New Hampshire. For more information about the available extract types, refer to the [iNHDEX](#) documentation.

The ELO (Equal Learning Opportunity) Student Submission Extract reports any high school (grades 09-12) students who are participating in an ELO course.
