Tool Search: IL State Reporting > Early Childhood Outcomes Report

The Early Childhood Outcomes Report lists the details of the student's Child Outcome Summary Form Evaluation. See the [Child Outcome Summary Form](#) article for more information. Users have the ability to generate an [Errors and Warnings Report](#) or the [Early Childhood Outcomes Report](#). It is advised that the Errors and Warnings Report be generated first.

The screenshot shows the 'Early Childhood Outcomes Report' tool interface. At the top, there is a green header with the 'Infinite Campus' logo and a search bar. Below the header, the title 'Early Childhood Outcomes Report' is displayed with a star icon. A breadcrumb trail shows 'Reporting > IL State Reporting > Early Childhood Outcomes Report'. A blue banner at the top of the main content area reads 'Early Childhood Outcomes Report'. Below this, a message states: 'The Early Childhood Outcomes Report will extract data to complete the submission for Early Childhood.' The main form area is divided into two columns. The left column contains fields for 'Report Type' (set to 'Early Childhood Outcomes Report'), 'File Identifier' (001), 'Effective Date' (04/06/2021), 'Strip Apostrophes' (checked), 'Report Protected Identities' (checked), 'Format' (Comma separated (CSV) (State Format)), and 'Ad Hoc Filter'. The right column is titled 'Select Calendars' and asks 'Which calendar(s) would you like to include in the report?'. It has three radio button options: 'active year' (selected), 'list by school', and 'list by year'. Below these options is a scrollable list of school calendars for the 20-21 school year, including Abbott Elementary, Baird Elementary, Chowen Middle, Drew Middle, Ewing High, and Fremont High. At the bottom of the form are two buttons: 'Generate Report' and 'Submit to Batch'.

Early Childhood Outcomes Report

## Report Logic

One record reports per student receiving Special Education services who has at least one valid COSF Evaluation.

- The student must be actively enrolled in the selected calendar on the report editor as of the entered effective date.
  - The student's enrollment start date must be before or the same as the entered Effective Date and the enrollment end date must be blank or after the entered effective date).

- When there are multiple enrollments, the enrollment with the most recent start date reports. When there are multiple enrollments with the same start date, the enrollment with the lowest enrollmentID reports.
- The student must be enrolled in a state grade level of Pre-K (14) and be considered as Special Education.
- Any type of enrollment reports (Partial, Primary, Special Education).
- The student must meet one of the following:
  - Have a locked IEP that has a start date before or equal to the entered effective date and an end date after or equal to the effective date.
  - Have the Special Education Status/IEP checkbox marked and the Private School Indicator checkbox not marked on their enrollment record.
  - Have a locked Evaluation Format Type of Entry or Progress that is locked with one of the following:
    - iLCOSF16
    - iLCOSF17
    - iLCOSF18

In order to report In Progress data (fields 17-31 in the report), the student must have an Evaluation Format Type of Entry Progress that is locked of one of the following:

- iLCOSF16
- iLCOSF17
- iLCOSF18

When the student has multiple evaluations, the evaluation with the most recent start date reports. When there are multiple evaluations with the same start date, the evaluation with the lowest evalID reports.

If there are no evaluations that meet this criteria, the Progress Rating fields (fields 17-31) report blank.

Students are not included when State Exclude options are marked:

- The Enrollment record is marked as State Exclude or No Show.
- The Grade Level is marked as State Exclude.
- The selected Calendar is marked as State Exclude.

When a student has both an Entry record and a Progress record, the Progress record reports.

<b>File Identifier</b>	Indicates the 3-digit number attached to the end of the file name and is used to differentiate the file from the other files generated.
<b>Effective Date</b>	Entered date is used to report student enrollment records. Dates are entered in <i>mmddyy</i> format, or can be chosen by clicking the calendar icon.
<b>Strip Apostrophes</b>	<p>When marked, the following marks are removed from student names and other reported data:</p> <ul style="list-style-type: none"> <li>• Apostrophes ('), Commas (,), Periods (.)</li> <li>• Umlaut (Ö)</li> <li>• Tilde (Ñ)</li> <li>• Grave Accents (Ò), Acute Accents (Ó)</li> <li>• Circumflex (Ô)</li> </ul> <p>When not marked, these marks are not removed.</p>

<b>Format</b>	The report can be generated in Comma Separated (State Format), HTML or Tab Delimited. When reviewing data, use either the HTML or Tab Delimited format. When submitting data to the state, use the Comma Separated format.
<b>Ad hoc Filter</b>	Select an existing ad hoc filter. This reduces the amount of students selected to those included in the filter, as long as those students meet the reporting requirements of the report.
<b>Calendar Selection</b>	At least one calendar needs to be selected in order to generate the report. Calendars can be selected by the active year, by school or by year.
<b>Report Generation</b>	Use the Generate Report button to immediately display the results of the report. For a larger selection of students, use the Submit to Batch button to choose when the report generates. See the <a href="#">Batch Queue</a> article for more information.
