Tool Search: Master Roster

The Master Roster Report provides a list of students by grade level who are enrolled as of the selected reporting period for the entered dates.

The screenshot shows the 'Master Roster' report interface. At the top, there's a breadcrumb trail: 'Reporting > OK State Reporting > Master Roster'. Below this is a header 'OK Master Roster State Report' and a sub-header 'This tool will build a report to complete the OK State-defined Master Roster Report.' The main area is divided into two columns. The left column, 'Report Options', contains fields for 'Reporting Period', 'Start Date', 'End Date', 'Grade Level Sort Order' (set to 'FOSR/ASR'), 'Format' (set to 'PDF'), and 'Ad Hoc Filter'. The right column, 'Select Calendars', has radio buttons for 'active year' (selected), 'list by school', and 'list by year'. Below these is a list of calendars for the '23-24' school year, including HP, HS, JH, LA, MS, PALS, RI, SKY, SR, VA WR, VR, and WW. At the bottom left, there's a 'Batch Queue List' table with columns 'Queued Time', 'Report Title', 'Status', and 'Download'. Below the table are buttons for 'Generate Report' and 'Submit to Batch'. A footer note says 'CTRL-click or SHIFT-click to select multiple'.

Report Logic

A record reports for enrollments that are active in the date range and calendar selected in the extract editor. Students marked as "State Exclude" on their enrollment active during the extract date range are not included in the report.

- Only students with a SIF Admission (Enrollments > SIF Fields > Admission) value of the following are included: R, OT, ET01, ET02, ET03, ET04, ET05, ET06, ET07, ET08, RVON, RVOFF, FOY, ROP, ACEPT, BDR, BORDER-R, TRVOFF, TRVON.
- If the student is assigned an Admission code that is NOT one of the above, or when the Admission field is blank, the student is not included in the report.
