Report Logic

- To report, staff must meet the following requirements:
 - Be active.
 - The District Employment record must have a Qualification Code of C, N or S.
 - The staff member must have a district assignment record tied to a school that is tied to the selected calendar AND the assignment must be the staff's primary assignment record.
- The primary assignment record is determined by the greatest FTE of all assignment records in the given school and calendar year. To determine the greatest FTE, Campus uses the following logic:
 - Campus compares all Employment assignment records where the
 - Employment Assignment Start Date is null or is \leq effective date AND
 - Employment Assignment End Date is null or is \geq Last Year 120 Day Date AND
 - the assignment is selected from the max FTE or 0 (if there is no employment assignment FTE value)
 - If there are two Max FTE values that are the same, Campus reports the FTE with the minimum school ID.
