## Tool Search: Contact Log

The RTI Contact Log records all instances of communication by school personnel regarding a particular student and their intervention response needs. This communication can be with the student, their guardians, or others, and could include letters or email, phone calls, and face-to-face meetings for example.

There are several areas within Student Information that include a Contact Log tool - Counseling, Health, PLP, Response to Intervention (RTI), Special Education, plus several states that have a localized Contact Log for certain tools. In an effort to consolidate and streamline the process of managing communication between the school and students/guardians of students, the [Contact Log in Student Information General](#) is the main hub where all contact log records can be viewed and modified by school personnel who are granted proper tool rights. The RTI Contact Log functions the same as this new Contact Log.

Submit feedback for the new Contact Log by clicking the **Feedback** button in the bottom right hand corner. This takes you to the [Campus Community Contact Log](#) forum topic where you can add your suggestions for the Contact Log.

The screenshot shows the RTI Contact Log interface for a student named Dylan V. Abegg. The interface includes a header with the student's name, grade (11), ID (#171900001), DOB (09/15/05), and counselor (Joy Counselor). Below the header is a table with the following data:

Module	Contacted By	Contacted	Contact Type	Date/Time	Details
Response to Intervention	Administrator, Demo	Joy Counselor, Donald Abegg, Dylan Abegg	In Person	09/08/2022 03:30 PM	Discuss reading intervention options with Dylan and his father.

At the bottom of the interface, there are buttons for 'New', 'Print', and 'Feedback'.

Information from the Contact Log records can be included in an Ad hoc Query using the **Student Data Type**. Contact log fields are available in the following locations:

- Student > Counselor > Contact Log
- Student > Learner Planning > Contact Log (includes fields for RTI, PLP and Special Education)
- Student > Health > Contact Log

See the [Contact Log Detail Descriptions](#) for specific Ad hoc fields.

## Tool Rights for Contact Log

[General Tool Right Information](#) | [Assign Tool Rights to Contact Log](#) | [Contact Log Tool Rights Examples](#)

Tool Search: Tool Rights

## General Tool Right Information

Full rights to Contact Log require the following:

- **Rights** (All checkbox marked) for the **Contact Log** tool for Student Information > General >

Contact Log and Census > People > Contact Log.

- **RWAD** rights to the module level Contact Log tool right for the appropriate module - Counseling, Health, PLP, RTI, Special Education, etc.
- **Access to Records Created by Other Users** subright for the appropriate module - Counseling, Health, PLP, RTI, Special Education, etc. This subright allows the user to view or edit contact log records another user created within a module (Counseling, Health, etc.).
  - **R** rights allow the ability to view records created by another user for the module.
  - **W** rights allow the ability to edit records created by another user for the module.
  - **A** rights do not add any function.
  - **D** rights allow the ability to delete records created by another user for the module.

Note the following:

- **All rights to Student Information > General > Contact Log and Census > People > Contact Log do NOT allow access to add a contact log record.** It only displays the Contact Log tool, but no existing records are visible.
- **RWAD rights are NOT cumulative**. A user who has no access subrights to Counseling, but does have RW rights to Health allows the viewing and editing of Health contact log records another user created.
- Assigning access subrights **WITHOUT** enabling rights to the parent Contact Log module tool right automatically assume R rights for that parent right.

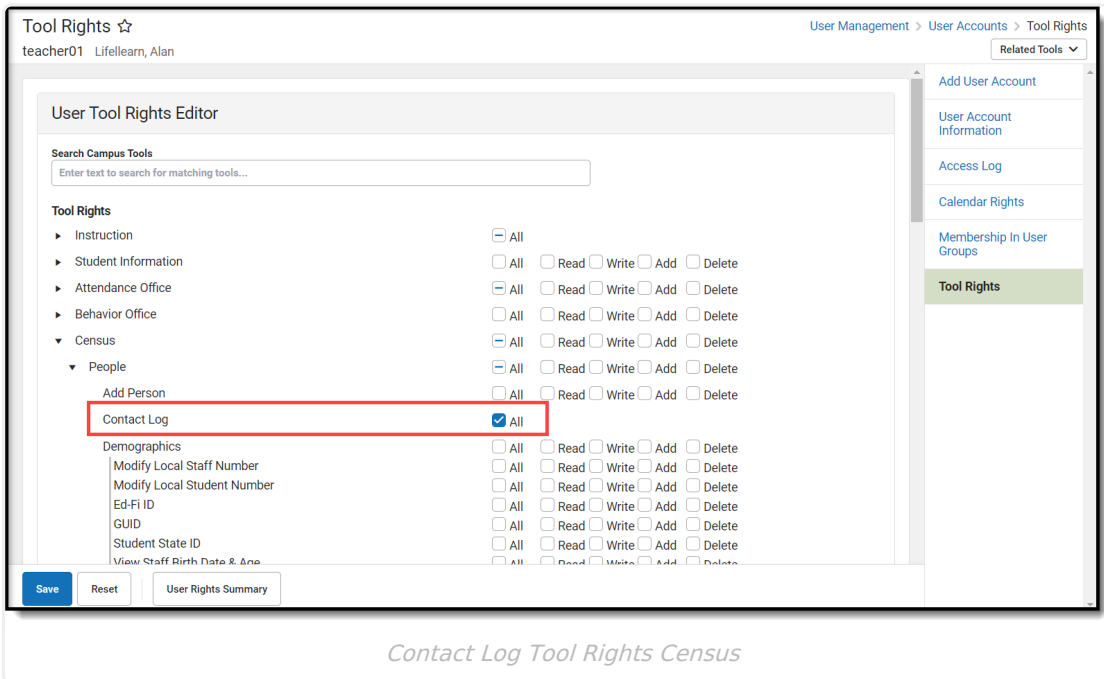

## Assign Tool Rights to Contact Log

Procedures are provided using the new navigation.

1. Enable rights to Contact Log (Student Information > General > Contact Log) by marking the **All** checkbox.

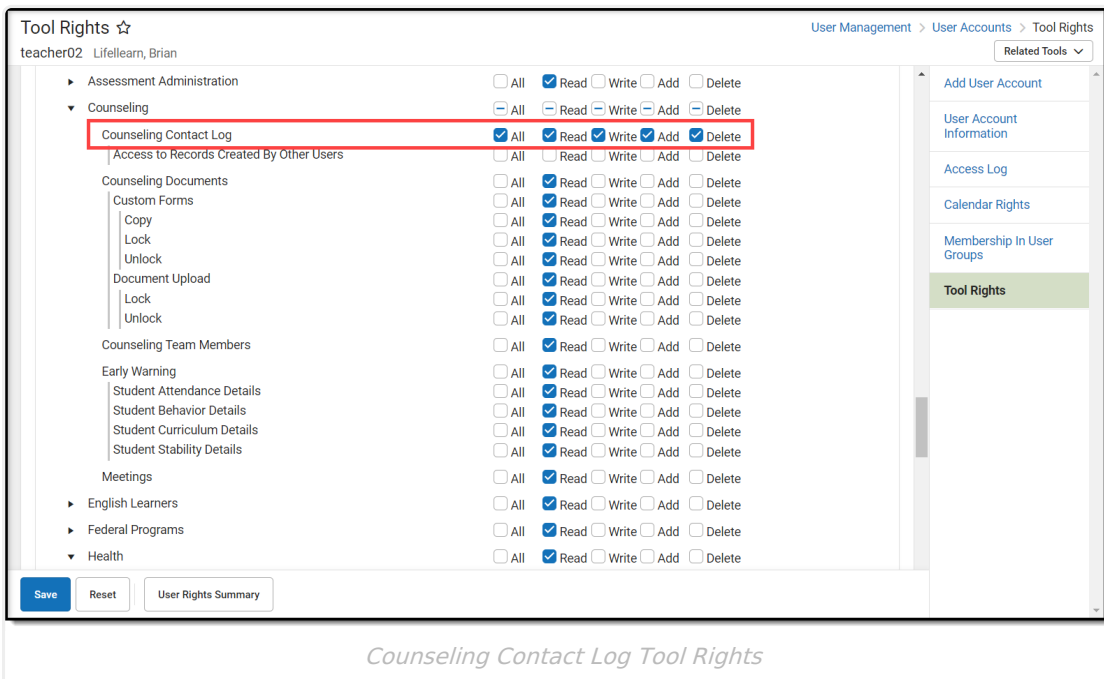

Contact Log Tool Rights Student Information

2. Enable rights to Contact Log (Census > People > Contact Log) by marking the **All** checkbox.

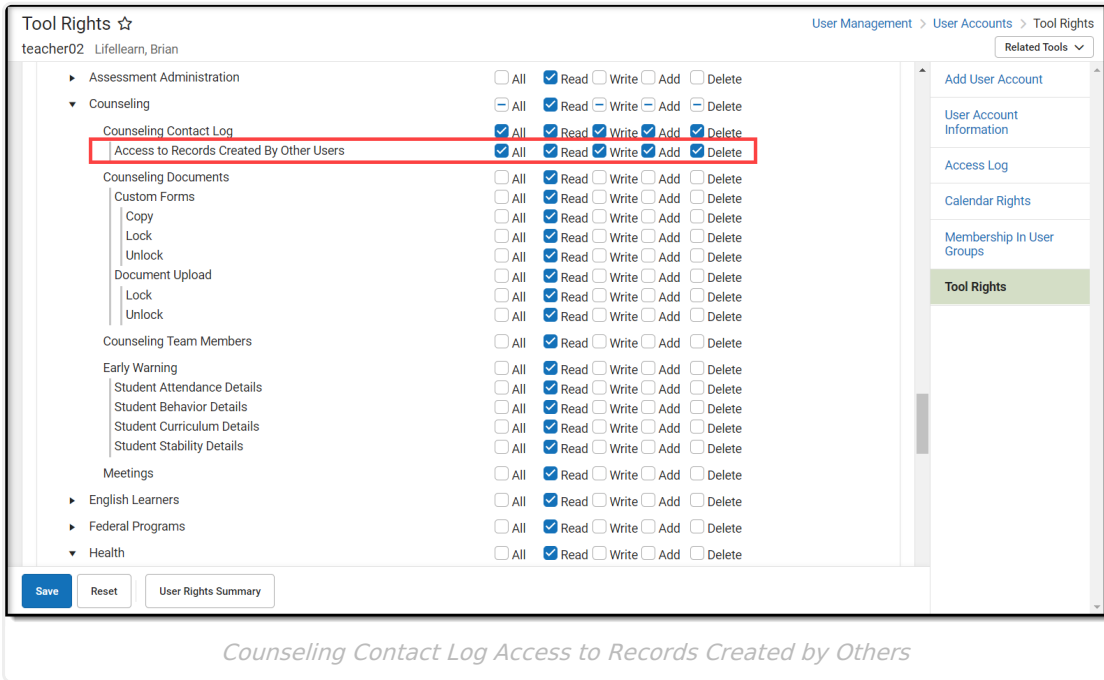

3. Assign appropriate **RWAD** rights to **Contact Log** modules as needed for the selected user(s). These tools are named as follows:

- Counseling Contact Log (Student information > Counseling > Counseling Contact Log)
- Health Contact Log (Student information > Health > Health Contact Log)
- PLP Contact Log (Student information > PLP > PLP Contact Log)
- RTI Contact Log (Student information > Response to Intervention > RTI Contact Log)
- Special Education Contact Log (Student information > Special Ed > Special Ed Contact Log)
- Attendance Contact Log (Attendance Office > Student Attendance > Attendance Contact Log)

4. Assign **RWAD** rights to **Access to Records Created by Other Users** for each Contact Log module as needed for the selected user(s).

## Contact Log Tool Rights Examples

### Example 1: Counselor with access and ability to manage all Contact Log Records

A counselor who is responsible for general counseling activities (academic planning, behavior records, team members for learning plans, health management) may have the following tool rights for Contact Log:

## Enter a New Contact Log Record

See the table following these procedures for descriptions of these fields, Ad hoc locations and Database information.

1. Click the **New** button. The **Contact Log Detail** side panel displays.
2. Select the area of contact from the **Module** dropdown list. When entering a Contact Log record from a location other than the General Contact Log tool, the Module field is already populated with the area of product.
3. Verify the **ContactDate/Time** field of the contact is correct. This field auto-populates with the current date and time. When entering a record from a contact that previously happened, modify this field accordingly.
4. Select the appropriate **Contact Type** from the dropdown list.
5. Use the **Contacted** fields to select and/or enter who was contacted.
6. Enter the **Details** of the contact.
7. Click the **Save** button to save the record. Or, to enter another record for the same student, click the **Save & New** button to save the record and enter another new record.

## Filter Contact Log Records

The Contact Log organizes records by Module (the type of contact log record), Contacted By (who made the contact), Contacted (who was contacted), Contact Type, the date and time the record was saved, and the Details (reason) for the contact.

Contact Log records are sorted first by the Date and Time of the record, with the most recent record displaying first. To display contact log records for only one module, select that module by using the filter option located in the Column Menu which is indicated by 3 dots to the right of each column.

In the example below, the Column Menu is open for the Module column showing the options available.

The screenshot shows the 'Contact Log' interface for student Abegg, Dylan V. The table contains the following records:

Module	Contacted By	Contacted	Contact Type	Date/Time	Details
Health		Donald Abegg, Millie Abegg	Telephone	11/07/2022 01:12 PM	Dylan has a fever and needs to be picked up asap. Father is on the way.
PLP		Dylan Abegg	In Person	11/01/2022 11:20 AM	Met with Dylan to create a plan for classwork.
Special Ed	Administrator, Demo	Worker Social, Joy Counselor, Donald Abegg, ...	In Person	09/15/2022 01:30 PM	Meet to discuss adaptations needed for testing.
Response to Intervention	Administrator, Demo	Joy Counselor, Donald Abegg, Dylan Abegg	In Person	09/08/2022 03:30 PM	Discuss reading intervention options with Dylan and his father.
Counseling	Administrator, ASystem	13 attendees		08/16/2022 12:30 PM	Meeting held for Discuss Math Placement. 13 attendees.

The 'Module' column menu is open, showing options: Sort Ascending, Sort Descending, Columns, and Filter. The 'Filter' option is selected.

*Filter Options from Column Menu*

## Print Contact Log Records

Default options are set to include every contact in each module, for all dates, contact types, entered by all staff, and contact made to all individuals, and sorted by date. These can be modified by removing the All option and adding specific values to the fields.

1. Click the **Print** button in the lower left corner. A **Contact Log Print** panel opens to the right.
2. Choose desired **Module** for which to print records.
3. Enter the **Start Date** and **End Date** to return records within that range only. Or, leave these fields without a selected date to print all records.
4. Select the desired **Contact Type**.
5. Select the desired **Contacted By** option.
6. Select the desired **Contacted** option(s).
7. Choose the appropriate **Sorting** option - Date ascending, Date descending, or Contacted By.
8. Click the **Generate** button. The report prints in PDF or CSV format for the selected student.

In the example below, Counseling Contact Logs entered between October 1 and December 2 in ascending Date order are included.
