

AT (Attendance Report) (Indiana)

Last Modified on 07/11/2024 1:57 pm CDT

This report is no longer supported or updated by Infinite Campus. The Indiana flat file reports will remain available in the Infinite Campus system until the 2023-2024 school year. Schools can continue to use the flat file reports as needed until then, but Infinite Campus no longer provides any support.

Data Exchange was designated as the sole source of truth for all data for the purposes of required reports beginning with the 2021-2022 school year. Please refer to the [Indiana Ed-Fi](#) documentation for additional information about current state reporting practices / procedures using the Data Exchange Ed-Fi System.

The purpose of this data collection is to gather student attendance information. This attendance information is utilized for several purposes, including calculations of Adequate Yearly Progress (AYP).

Attendance Report

This tool will extract data to complete IN Attendance Report. The Attendance option for Calendar Minutes will use the whole day and half day minute thresholds on Calendar to calculate days Absent and days Attended for all school days. The option for Period Schedule Instructional minutes are entered as a percent for the thresholds and will calculate for the Period schedule assigned to each school day.

Report Logic

- Students in grades KG-13 are reported who attended at any time during the academic year. Pre-Kindergarten and Post High School students will appear in the report if selected, but these grades are not counted in the attendance rate.
- Classes that have the Attendance checkbox marked are included.

- Any period marked as Non-Instructional is not included.
- Summer school attendance is not reported.
- All days are reported as either whole (1) or half (.5) day.
- If a student is physically present, then Campus assumes they are IA:03 and they do not need a code listed in Campus.
- The following State Codes for Attendance were added in System Administration > Attendance > Attendance Codes for the 20-21 school year because of COVID-19. Preferred setup for these codes is provided in the table below.

Code	Status	Excuse	Possible Local Code
01: Virtual	Present	Excused	VIR
02: Virtual Due to Covid	Present	Excused	VCVD
03: In Attendance	Present	Excused	IA
04: Excused Absence	Absent	Excused	N/A
05: Unexcused Absence	Absent	Unexcused	N/A
06: Exempt	Absent or Present	Exempt	N/A
07: Suspended	N/A	N/A	N/A
08: Expelled	N/A	N/A	N/A

Field	Description
Start Date	The earliest date from which data is pulled for the report.
End Date	The latest date from which data is pulled for the report.
Attendance Calculation	<ul style="list-style-type: none"> • The Calendar Minutes option uses the whole day and half day minute thresholds on the Calendar to calculate days Absent and days Attended for all school days. • The Period Schedule Instructional Minutes option allows you to enter a Whole Day % and Half Day % for the thresholds and uses those values to calculate the minutes for the Period schedule assigned to each school day. 
Choose Grades	The student grade levels that will be reported in the extract.
Ad Hoc Filter	Selecting a filter limits the results to only those included in the filter.
Format	The format in which the report will generate. Options include the following: <ul style="list-style-type: none"> • Comma Separated • HTML • XML • CSV Detail Report • HTML Detail Report

Field	Description
Calendars	The calendar(s) from which data is pulled for the report. Can be set to display only the active year's calendars, or be sorted by school or by year.
Generate Extract/ Submit to Batch	Users have the option of submitting a report request to the batch queue by clicking Submit to Batch instead of immediately generating the report by clicking Generate Extract . The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.
