This report is no longer supported or updated by Infinite Campus. The flat file reports will remain available in the Infinite Campus system until the 2023-2024 school year. Schools can continue to use the flat file reports as needed until then, but Infinite Campus no longer provides any support.

Data Exchange was designated as the sole source of truth for all data for the purposes of required reports beginning with the 2021-2022 school year. Please refer to the Indiana Ed-Fi documentation for additional information about current state reporting practices / procedures using the Data Exchange Ed-Fi System.

This report gathers student information used to populate student-level information for online testing and barcode labels for the ECA, ISTEP+, IREAD3, and the WIDA tests during the testing cycle for each test administration window. The barcode labels and online information help reduce the exam's time requirements and ensures more accurate student information.
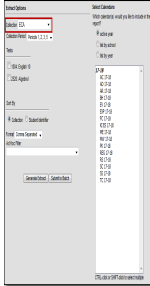

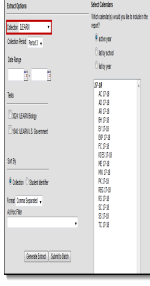

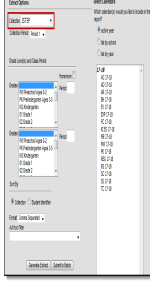

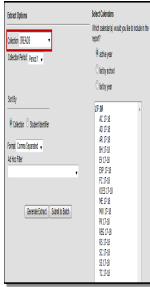

Report Logic

- When the student is in a course where the State Code value is the test selected on the extract editor, the Primary teacher reports.
  - The teacher has a District Assignment (set on the section); however, the report considers the Primary Teacher area of the section and not the District Assignment Title.
  - The teacher whose Staff History Start/End Date falls in the report date range reports.
  - If there is not a Primary Teacher during the report date range, the **Teacher Email Address** column reports N/A.
  - The course must be in an instructional period.
- If a student is LEP, only accommodations A: Read Aloud and E: Extended Time report for the ECA, ISTEP+, and/or IREAD assessments.

The following logic applies when the students being reporting are **Testers** (students taking a test for the first time).

Multiple Collections	This option allows you to generate records for one or more the following reports at once: ISTEP, IREAD3, and WIDA. All extract editor selections will apply to all reports.	

Collection	Report Logic	Extract Example (Click to Enlarge)
ECA	The ECA Collections reports student(s) whose enrollment is marked for one of the ECA tests. | When Collection Period is...	Then the collection reports...
---	---
1, 2, 3, or 5	all students that meet the report criteria effective on the date the report is run.
4	all students that meet the report criteria between the Start and End Date of the report range.	
ILEARN	When Period 3 is selected for Collection Period, this collection reports all students that meet the reporting criteria between the Start and End Date of the report range. Students only report when they have an enrollment starting on or after the Start Date where the enrollment is still active on the End date of the Date Range. Students actively enrolled in a course with a Course State Code number matching the Test(s) selected in the Extract Editor. Students who have withdrawn from a course with a Course State Code number matching the Test(s) selected in the Extract Editor are included when • the student withdrew/stopped taking the course prior to the last day of class AND • the student has a grade assigned to the course that is tied to a State Reported Grading Task. Reports a single record per student per qualifying test. Duplicate records are NOT reported for overlapping enrollments or multiple consecutive enrollments.	
ISTEP	The ISTEP Collection reports student(s) in State Grade Levels selected on the extract editor and whose enrollment falls on or within the report date range. Homeroom classes do not require a State Code to be entered in the Course Editor for this field to report. Period classes do require a State Code. Students whose enrollments are flagged as **ISTEP Exclude** on the Enrollments tab are not reported. When Period R is selected for Collection Period, students with the ISTEP+ Math Retest checkbox OR students with the ISTEP+ ELA Retest checkbox marked on their Enrollments tab report. If both checkboxes are marked, a record reports for each test code.	
IREAD3	The IREAD3 Collection reports student(s) according to the Collection Period selected. • **Collection Period 1** reports 3rd Grade students not exempt from taking the IREAD-3 (Indiana Reading Evaluation And Determination) assessment and students in any other grade who will participate in the IREAD-3 assessment. • **Collection Period 3** reports students in any grade who will participate in IREAD-3 summer retest.	

Collection	Report Logic	Extract Example *(Click to Enlarge)*
WIDA	The WIDA collection reports students marked as WIDA on their most recent current, active enrollment. The following accommodations are reportable when the WIDA assessment is selected: • P: Regular Paper Format • L: Large Print • 1: Braille: UEB and/or UEB with Nemeth Contracted • 2: Braille: EBAE/Nemeth Contracted	

Generating the Extract

Collection Period	This Collection Period reports...
Collection 1 (or Period 1, 2, 3, 5 for ECA)	all students who are active on the day the report is run report. The report selects students based on student enrollment AND current course schedule.
Collection 2 (or Period 4 for ECA)	students who meet the following criteria: - Enrollment begins on or after the Start Date of the report's Date Range; AND - Enrollment is active ON the End Date of the Date Range.
Period R	students that are Grade 10 Retesters. This Collection Period only reports for the ISTEP Collection.
