Tool Search: Vaccine Setup

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the Minnesota State Department of Health.

For more information on the creation, modification or deletion of vaccine compliances, see the Vaccines page.

General Compliance Rules

- There is a 4-day grace period for deadlines of a dose.
- Doses of Varicella and MMR must be given on the same day, or at least 28 days apart.
- The rules for MMR and Varicella are hard-coded for Minnesota districts, meaning that changes cannot be made to the rules for these two vaccines.

Immunization Rules

The following tables describe all Minnesota immunization requirements per vaccine.
