The School Enrollment Template provides information on student enrollments and withdrawal transaction at each school within the LEA, and assists districts in tracking student mobility. This template should be submitted throughout the year.

See the [PIMS Reporting](#) article for additional PIMS Reporting information.

Report Logic

At least one record exists for every student enrolled at any time during the school year.

For the **Enrollment Code** field, logic maps a set start and end status to a specific value. The following lists the start and end statuses and what value reports.

| When the student's Enrollment Start Status is | The Reported Value is |
|--|-----------------------|
| E1: Continuing from previous year.new Kindergarten E2: Not previously enrolled in school-current year E3: Student new to PA; prev enrolled elsewhere E4: Retained student R1: Transfer into new group, same grade (exit code W1) R3: Transfer from non-public or home school, same district R4: Transfer from public school, different PA district R5: Transfer from non-public or home school, different PA district R6: Re-entry to district, same school year R7: Re-entry to PA from another state or country R8: Re-entry after expulsion or dropout, same district R10: Grade level change, same school or district | E01 |
