

Grades (Student Information)

Last Modified on 12/22/2025 11:48 am CST

Tool Search: Grades

The Grades tool collects grades for a student, grouped by enrollment and course. Each grading task and/or standard aligned to the course is listed. Calculated GPAs are also displayed at the top of the screen.

Posted grades and In-Progress grades display. In-Progress grades are calculated based on assignment scores and display in yellow grid squares. Posted grades are finalized grades that have been posted by a teacher or other staff member and display in bold in blue grid squares.

GPA and Grades data populate this tool from different areas in Infinite Campus. The data **cannot** be modified via this tool.

Student Grades Tool

See the [Grades \(Student\) Tool Rights](#) article for details on the necessary rights to use this tool.

Video

Watch the video below to learn more about Grades.

Where Do Grades Come From?

In-Progress grades are calculated based on the student's assignment scores. Grades are calculated based on the Grade Calc Options established by the [teacher](#), for the [course](#), or the [course master](#).

Grades are posted by the teacher via the [Grade Book](#), the [Progress Monitor](#), or the [Post Grades](#) tool. Other staff members at the school, such as counselors or administrative staff, may also record grades for students using the [Grading by Task](#) or [Grading by Student](#) tools in Scheduling.

View GPAs

GPAs (Grade Point Averages) are displayed in the section at the top of the Grades tool. A GPA is only displayed if a value has been calculated for it. See the [GPA Calculations in Campus](#) article for more information about how GPAs are calculated.

For Cumulative and Custom GPAs, the student's class rank is displayed below the GPA.

The GPAs listed are dependent on the user's [tool rights](#).

3600-4 AP Literature Teacherson, Katie				
	1	2	3	4
Term	A- (93.51%) *	B+ (88.14%)		
Semester		A- (90.82%)		

Grades are shown for each alignment (grading tasks and standards).

- Posted grades display in **bold text** and a blue grid square.
- In-Progress grades display in a yellow grid square. Based on the Settings, the words 'In Progress' may also display below the grade.
- Grades that contribute to the Term GPA are indicated by a grey asterisk.
- The assignment icon (📎) indicates that the grade includes an assignment that contributes to it.
- The comment icon (💬) indicates that the teacher has entered a Report Card [comment](#) for the student.

Section Grade Details

- Click the course name to view each task or standard grade, organized by category.
- Click a Posted or In-Progress grade to display the categories that contribute to that specific task or standard grade.
- Expand a category to see the assignments included in the calculation.
- Click **Print** to generate a printable version of the grade information.
- **View as Campus Student / View as Campus Parent**

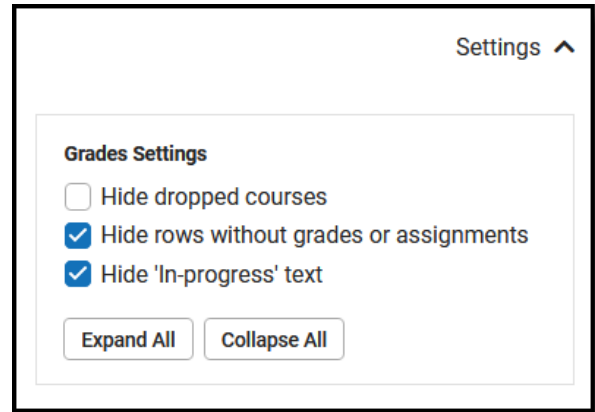

- Click either button to open a new window and preview the Grades tool as it appears to the student or parent. This view reflects the [Portal Display Options](#) configured for the selected school and calendar.

Settings

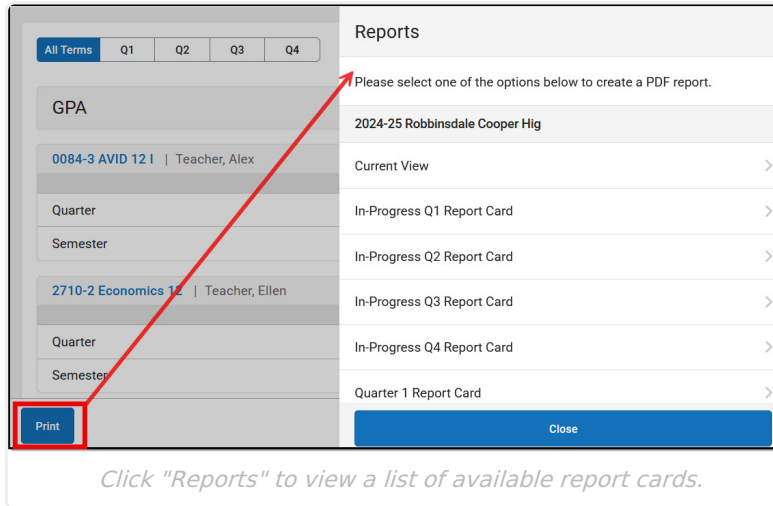

Expand the Settings menu to access the following options:

- *Hide dropped courses* - hides courses that the student has dropped, as indicated by a Roster End Date prior to the current date.
- *Hide rows without grades or assignments* - hides any tasks and standards that do not have a grade calculated or assignments aligned.
- *Hide 'In-progress' text* - hides the words 'In-Progress' to save space

Use the Expand All and Collapse All buttons to expand or collapse all sections on whatever screen you're viewing.

Print Grades Page/Report Cards

Click the **Print** button to select one of the options to create a PDF report.

The **Current View** generates a PDF of the expanded tiles currently visible on the Grades tool page. For example, if the GPA section is not expanded in the current view, the data will not display in the PDF.

The other report options include saved report card formats. Report cards are created using the [Report Setup](#) tool and are saved for later use when generating report cards for all students in a grade level (using the [Report Card](#) tool) or for generating them directly on the Grades tool. All reports for the calendar are listed.

When a student has multiple enrollments in the district, users (when assigned proper [tool rights](#) to Additional Enrollment Grades) are able to print report cards for the other enrollments. Report cards for each enrollment are organized by Calendar Name.

The selected report card prints grades and attendance related to the selected schedule structure.

Grades Information in Ad hoc Query Wizard

Student Grades information is available in the Query Wizard for Student data types in the **Student > Grading > Term GPA** and **Student > Grading > Grading Detail** folders.
