Tool Search: Grades

The student's Grades tool collects grades for a student, grouped by enrollment and course. Each grading task and/or standard aligned to the course is listed. Calculated GPAs are also displayed at the top of the screen.

Posted grades and In-Progress grades display. In-Progress grades are calculated based on assignment scores and display in yellow grid squares. Posted grades are finalized grades that have been posted by a teacher or other staff member and display in bold in blue grid squares.

The screenshot displays the 'Grades' tool interface for a student named Andy. At the top, there is a navigation bar with the Infinite Campus logo, a search icon, and the school name '23-24 Harrison High'. Below the navigation bar, the student's profile information is shown: 'Student, Andy', 'Student #: 221900001', 'Grade: 11', and 'DOB: 01/04/2007'. The main content area is divided into sections for different courses. The first section is for '3600-4 AP Literature' by Teacher 'Katie'. It shows a GPA section with a plus sign. Below the GPA section is a table with columns for terms 1, 2, 3, and 4. The 'Term' row shows 'A- (93.51%)' for Term 1 and 'B+ (88.14%)' for Term 2. The 'Semester' row shows 'A- (90.82%)' for Term 2. The second section is for '1800-3 Pre-Calculus A' by Teacher 'Alice'. It shows a table with columns for terms 1, 2, 3, and 4. The 'Term' row shows scores of 3 for Term 1 and 4 for Term 2 for three different tasks: 'Understand concept of function, identify important features', 'Recognize linear, quadratic, exponential and other common functions', and 'Generate equivalent algebraic expressions'. At the bottom of the interface, there are buttons for 'Reports' and 'Feedback'.

The Grades tool shows lists a student's GPA and Grades.

Where Do Grades Come From?

In-Progress grades are calculated based on the student's assignment scores. Grades are calculated based on the Grade Calc Options established by the [teacher](#) or for the [course](#) or [course master](#).

Grades are posted by the teacher via the [Grade Book](#), the [Progress Monitor](#), or the [Post Grades](#) tool. Other staff at the school, like counselors or administrative staff, may also record grades for students using the [Grading by Task](#) or [Grading by Student](#) tools in Scheduling.

Grades cannot be modified via this Grades tool.

View GPAs

GPAs (Grade Point Averages) display in a section at the top of the Grades tool. A GPA only displays if the student has a value calculated for it. See the [GPA Calculations in Campus](#) article for more information about how GPAs are calculated.

For Cumulative and Custom GPAs, that student's class rank displays below the GPA.

Which GPAs display is dependent on [tool rights](#).

GPA				
	1	2	3	4
Term GPA (Weighted)	4.00	3.67	4.00	3.33
Term GPA (Weighted with Bonus Points)	4.00	3.67	4.00	3.33
Term GPA (Unweighted)	4.00	3.67	4.00	3.33
Term GPA (Unweighted with Bonus Points)	4.00	3.67	4.00	3.33
Rolling Cumulative GPA (Weighted)	3.86	3.85	3.86	3.84
Rolling Cumulative GPA (Weighted with Bonus Points)	3.86	3.85	3.86	3.84
Cumulative GPA (Weighted)				3.85
Class Rank				3 out of 189
Cumulative GPA (Weighted with Bonus Points)				3.85
Class Rank				3 out of 189

Calculated GPAs display at the top of the Grades tool.

Custom GPAs must be enabled on the Calendar GPA Calculation Setup tool. If a Custom GPA is enabled, the Rolling Cumulative GPAs does not display.

View Grades

The Grades tool lists the student's Posted and In-Progress grades by course. By default, all terms display. Filter grades by term using the buttons at the top of the screen.

Expand the Settings menu to access the following options:

- *Hide dropped courses* - hides courses that the student has dropped, as indicated by a Roster End Date prior to the current date.
- *Hide rows without grades or assignments* - hides any tasks and standards that do not have a grade calculated or assignments aligned.
- *Hide 'In-progress' text* - hides the words 'In-Progress' to save space

Use the Expand All and Collapse All buttons to expand or collapse all sections on whatever screen you're viewing.

Print Report Cards

Click "Reports" to view a list of available report cards.

Click the **Reports** button to view a list of report cards to print.

These report cards are created in the [Report Preferences](#) area in System Administration and are saved for use later when generating report cards for all students in a grade level (using the [Report Card](#) tool) or for generating here on the Grades tool. All reports for the calendar are listed.

The report card opens in a new tab in PDF format.

When a student has multiple enrollments in the district, users (when assigned proper tool rights to [Additional Enrollment Grades](#)) are able to print report cards for the other enrollments. Report cards for each enrollment are organized by the Calendar Name.

The selected report card prints grades and attendance related to the selected schedule structure.
