Read - Access and read data in the Ed-Fi Event Queue Statistics tool.

Write - Provides no function for this tool.

Add - Provides no function for this tool.

Delete - Provides no function for this tool.

For more information about Tool Rights and how they function, see this Tool Rights article.

Prerequisites

- Ed-Fi functionality must be enabled via the Enable Ed-FI System Preferences tool.
- In order to properly use Ed-Fi tools, proper values must be established within the <u>Ed-Fi Config</u> tool. This ensures Campus is communicating with Ed-Fi and successfully sending data to their servers.
- Ed-Fi IDs should be assigned to users via the Demographics tab.
- Ed-Fi events must have occurred in the past five days in order for data to appear within this tool.

Understanding the Ed-Fi Event Queue Statistics Tool

The Ed-Fi Event Queue Statistics tool details how many Ed-Fi records were inserted and processed per Campus Table for the past five days.

By using this tool, users can better understand where data changes are coming from on a daily basis and for larger and more active districts, see which Campus tables/resources are highly impacted by mass updates of data (such as using the Task Scheduler).
