# **Report Logic**

Students must have had an active enrollment (includes Primary, Special Education or Partial enrollments) within the selected Start Date and End Date and must have been active in a course/section within the Start Date and End Date. This report uses the State Reported indicators to include grading tasks, score groups and courses.

- A Grading Task must be marked as State Reported.
- Score Groups must have grades mapped to state grades.
- The State Course Code field must not be null.
- The state-reported Grading Task must be assigned to the Course.
- Students must have a grade posted to a grading task that is associated with the grade task and the score group.

The Course/Section reports once per student unless the following is met:

- The grading task marked as state reports has the term mask on the course marked in more than one term AND the section is scheduled into both of those terms.
- The student has multiple enrollments with different values between the enrollments in any of the following fields:
  - Displaced Homemaker
  - Single Parent
  - RCTDS fields

If a student earns the same grade across multiple terms for the same state-reported grading task and that task is reported multiple times, the student reports multiple times.

If a course is marked as state exclude, it does not report.

If a course is marked as Dual Credit, it does not report.

A student must be enrolled in a state grade of the following:

- 15: Kindergarten
- 01: Grade 1
- 02: Grade 2
- 03: Grade 3
- 04: Grade 4
- 05: Grade 5
- 06: Grade 6
- 07: Grade 7
- 08: Grade 8
- 09: Grade 9
- 10: Grade 10
- 11: Grade 11
- 12: Grade 12

# **Report Editor**

The following fields are available for selection.

Field	Description
Extract Type	Determines which Student Course Assignment Extract generates. For this extract, choose <b>K-12 In Progress V2.</b>
Start Date	Entered date reflects the start date of enrollment records to return. Dates are entered in <i>mmddyy</i> format or choose the calendar icon to select a date. The Start Date is required for this report; if the field is NULL, a message will display: "Must Enter A Start Date for Course Assignment."
End Date	Entered date reflects the end date of enrollment records to return. Dates are entered in <i>mmddyy</i> format or choose the calendar icon to select a date. The End Date is required for this report; if the field is NULL, a message will display: "Must Enter A End Date for Course Assignment."
File Identifier	Indicates the 3-digit number attached to the end of the file name and is used to differentiate the file from the other files generated.
Students without State IDs	When marked, the report returned students who do not have state IDs assigned.
Strip Apostrophes	<ul> <li>When marked, the following marks are removed from student names and other reported data:</li> <li>Apostrophes ('), Commas (,), Periods (.)</li> <li>Umlaut (Ö)</li> <li>Tilde (Ñ)</li> <li>Grave Accents (Ò), Acute Accents (Ó)</li> <li>Circumflex (Ô)</li> <li>When not marked, these marks are not removed.</li> </ul>
Report Protected Identities	When marked, student identity information (last name, first name, etc.) reports from the Protected Identity Information fields.
Format	Determines how the report generates. Use the <b>State Format (Comma Delimited)</b> when submitting the report to the state. Use the <b>HTML</b> or <b>Tab Delimited</b> option when reviewing data prior to state submission.
Student Selection	Select students by choosing one or more grade levels or a saved ad hoc filter to use when generating this report. Only those students in the selected grade levels report if they meet the reporting requirements. Only those students included in the filter report if they meet the reporting requirements.

Field	Description
Report Generation	The report can be generated immediately using the <b>Generate Extract</b> button. When there is a larger amount of data chosen (several calendars, large date range, etc.), use the <b>Submit to Batch</b> button, which allows the user to choose when the report is generated. See the Batch Queue article for more information.
Calendar Creation	At least one calendar needs to be selected for the report to generate. Calendars can be chosen by <b>Active Year</b> , by <b>School</b> or by <b>Year</b> . If a calendar is selected in the Campus toolbar, that calendar is automatically selected. If no Calendar is selected, a message will display: "Must Select 1 or More Calendars."

### **Generate the Report**

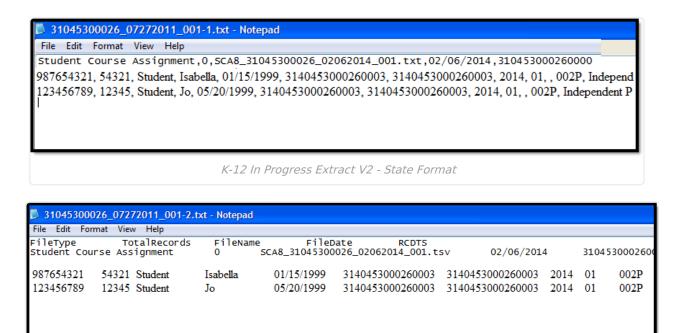

- 1. Select K-12 In Progress V2 from the Extract Type field.
- 2. Enter the **Start Date** and **End Date** for the report by either entering date in *mmddyyy* format or using the **Calendar** icon.
- 3. Enter a File Identifier.
- 4. Select the **Students w/o stateIDs** checkbox to include students without state IDs within the report.
- 5. If desired, mark the Strip Apostrophes checkbox.
- 6. If desired, mark the **Report Protected Identities** checkbox.
- 7. Select **Format** in which to generate the report.
- 8. Select students by choosing Grade Levels or an Ad hoc Filter from the dropdown list.
- 9. Select which calendars to include.
- 10. Select an **Ad hoc Filter** to reduce the students included in the report (optional).
- 11. Select the **Generate Extract** button. The report displays in a separate window in the designated format.

This report can also be submitted to the Batch Queue for generation at a later time.

# **Report Layout**

The following provides the report field names and descriptions for the Header of the Report and the Extract itself.

#### **Header Layout**

Element	Description	Location
FileType	The name of the extract being generated. Will always report a value of Student Course Assignment.	N/A
Total Records	The total amount of records generated.	N/A
File Name	SCA8_RCDT or District Name _ Date (mmddyyy)_File Identifier (i.e., SCA8_500821040020000_06222005_001.txt)	N/A
FileDate	The date the extract was generated.	N/A

Element	Description	Location
RCDTS	The Region-County-District-Type-School code that uniquely identifies the school generating the extract. <i>RRCCCDDDDDTTSSSS, 15 characters</i>	District Information > State District Number, Type, Region Number, County School Information > State School Number
		District.districtID District.county District.region School.number

### **Extract Layout**

Data Element	Description	Location
Student ID	Student's state-assigned identifier. <i>Numeric, 9 digits</i>	Demographics > Person Identifiers > State ID Person.stateID
SAP ID	Student's district-assigned identifier. <i>Numeric, 5 digits</i>	Demographics > Person Identifiers > Student Number Person.studentNumber
Last Name	Student's legal last name. When the Report Protected Identities checkbox is marked on the report editor, the student's last name reports from the Legal Last Name field if populated. <i>Alphanumeric, 50 characters</i>	Identities > Last Name Identity.lastName Census > People > Identities > Protected Identity Information > Legal Last Name Identity.legalLastName
First Name	Student's legal first name. When the Report Protected Identities checkbox is marked on the report editor, the student's first name reports from the Legal First Name field if populated. <i>Alphanumeric, 30 characters</i>	Identities > First Name Identity.firstName Identities > Protected Identity Information > Legal First Name Identity.LegalfirstName

Data Element	Description	Location
Birth Date	Student's date of birth. <i>Date field,10 characters</i> <i>(MM/DD/YYYY)</i>	Demographics > Person Information > Birth Date Identity.birthdate
Home RCDTS	The home district of the student that is reporting data. <i>RRCCCDDDDDTTSSSS, 15</i> <i>characters</i>	District Information > State District Number, Type, Region Number, County School Information > State School Number District.districtID; District.county; District.region; School.number
Serving School RCDTS Code	The serving district of the student that is reporting data. <i>RRCCCDDDDDTTSSSS, 15</i> <i>characters</i>	District Information > State District Number, Type, Region Number, County School Information > State School Number District.districtID; District.county; District.region; School.number
School Year	Reports the end year of the school year chosen in the extract editor. <i>Numeric, 4 digits (YYYY)</i>	School Year Setup > School Year Editor > Active year Calendar.year
Term	<ul> <li>Identifies in which term the class was taken. Terms include quarters, semesters, trimesters or year long courses.</li> <li>The code assigned to the Term selected on the section reports.</li> <li>If no value is selected, a NULL value reports.</li> <li>If the section is tied to a calendar with the Summer School checkbox marked, 05 reports.</li> <li>Numeric, 2 digits</li> </ul>	Course > Section Information > Term Code Calendar.term

Data Element	Description	Location
State Course Code	State number assigned to the course editor.	Course Information > Course Editor > State Code
	Alphanumeric, 4 characters	Course.statecode
Local Course ID	School/District number assigned to the course.	Course Information > Course Editor > Number
	Alphanumeric, 4 characters	Course.number
Local Course Title	School/District name of the course.	Course Information > Course Editor > Name
	Alphanumeric, 15 characters	Course.name
Student course Start Date	Date the student begins attending the course. The date noted on the student's Schedule is used first. Then, if there is a start date on Section Roster, that date is used. If the Roster Edit date is NULL, the start date of the earliest term that section is scheduled to take place is used. Date field, 10 characters (MM/DD/YYYY)	Schedule Section Roster Section.startDate
Section Number	Number of the course section being reported. <i>Numeric, 4 digits</i>	Section Information > number Section.number
Course Level	Selection indicates the level of the course. If a course/section is assigned a value of 05: Special Education, a NULL value reports. Options are: • 01: Remedial • 02: General • 03: Enriched • 04: Honors <i>Numeric, 2 digits</i>	Course Information > Course Level Course.level

Data Element	Description	Location
Course Credit	<ul> <li>Reports the potential credit amount a student could earn by completing this course section. The value is calculated as follows: <ol> <li>For each section being reported, grading tasks assigned to the course where the credit value is not null are found. Of those grading tasks, the ones marked as state reported and have at least one term mask marked are found.</li> <li>Using the Section Schedule Placement grid on the Section, the number of unique terms is found (regardless of the number of periods or period schedules). For each of the grading tasks that meet the details in number 1, the number of schedule terms that overlap the terms in which the grading task is marked is found. This number is multiplied by the credit amount placed on the grading tasks.</li> </ol> </li> <li>If there are multiple grading tasks that meet requirements in number 1, the total potential credit is found for each grading task, then summed for the total.</li> <li>If the student is enrolled in a state grade of K-08 AND there is no potential credit available, a value of 1.00 reports.</li> <li><i>Numeric, 4 characters</i></li> </ul>	Grading Task Setup > Credit Amount Scheduling > Courses > Course > Section > Section Placement

Data Element	Description	Location
Articulated Credit	Indicates the student receives college credit for the course (based on the value assigned to the course) upon successful completion of the course while the student is in high school. Additional coursework might be needed at the college level. Extract reports the code associated with the Yes or No value (01 - Yes, 02 - No). <i>Numeric, 2 digits</i>	Course Information > Articulated Credit Customcourse.articulatedCredit
Dual Credit	Indicates the student receives both high school and college credit for approved high school courses that follow additional and specific criteria qualifying it as a college-level course. Extract reports the code associated with the Yes or No value (01 - Yes, 02 - No). <i>Numeric, 2 digits</i>	Course Information > Dual Credit Custom course.dualCredit
Course Setting	<ul> <li>Selection of how the course is delivered to the students for instruction. Options are: <ul> <li>01: Traditional (default selection)</li> <li>02: Night/After School</li> <li>03: Online Learning</li> <li>04: Distance Learning</li> <li>05: Alternative Placement</li> </ul> </li> <li>Numeric, 2 digits</li> </ul>	Course Information > Setting Custom Course.Setting
Actual Attendance	Optional entry, not populated by Campus <i>Numeric, 1 digits</i>	N/A
Total Attendance	Optional entry, not populated by Campus Numeric, 1 digits	N/A

Data Element	Description	Location
Single Parent	<ul> <li>Indicates the student meets the federal requirements for being reported as a Single Parent based on the most recent enrollment in the selected calendar (01 - checkbox selected, 02 - checkbox not selected).</li> <li>If multiple calendars are selected AND the student has an active primary enrollment in both calendars, the most recent primary enrollment is used.</li> <li>If the student has no primary enrollment is used.</li> <li>If the student has multiple enrollment is used.</li> <li>If the student has multiple enrollment is used.</li> <li>If the student has multiple enrollment if the value of this field is different for each enrollment record.</li> </ul>	Enrollment > State Reporting Fields > Single Parent Enrollment.singleParent

Data Element	Description	Location
Displaced Homemaker	<ul> <li>Indicates the student meets the federal requirements for being reported as a Displaced Homemaker based on the most recent enrollment in the selected calendar (01 - checkbox selected, 02 - checkbox not selected).</li> <li>If multiple calendars are selected AND the student has an active primary enrollment in both calendars, the most recent primary enrollment is used.</li> <li>If the student has no primary enrollment is used.</li> <li>If the student has multiple enrollment is used.</li> <li>If the student has multiple enrollment is used.</li> <li>If the student has multiple enrollment in a calendar selected, an entry for each enrollment if the value of this field is different for each enrollment record.</li> </ul>	Enrollment > State Reporting Fields > Displaced Homemaker Enrollment.displaceHomemaker
Course Numeric Grade	Value not reported. <i>Numeric, 1 digits</i>	N/A
Maximum Numeric Grade	Value not reported. <i>Numeric, 1 digits</i>	N/A
Course End Date	Value not reported. Numeric, 10 digits	N/A
Course Final Grade	Value not reported.	N/A
	Numeric, 2 digits	

Data Element	Description	Location
Language Code Course was Taught In	Reports the assigned Language code from the Course tab.	Course Information > Course Language
	If no language is selected, reports a value of 000. <i>Numeric, 3 digits</i>	Course.instructionLanguage
Competency Based Education	Indicates the course is considered part of Competency Based Education.	Course Information > Competency Based Education Course.competencyBased
	Reports Y when the Competency Based Education checkbox is marked on the Course tab. Otherwise, reports N.	
	Alphabetic, 1 character (Y or N)
