Teachers have the option of communicating a web site for their course through [Campus Student](#).

The screenshot shows the 'Grade Book Setup' settings menu. The 'Web Site Address' option is highlighted with a red box and an arrow points to the input field containing the URL <http://www.TeachersonAPCalculus.com>.

Web Site Address

Share the web address of this section (appears on the Portal to students and parents).

<http://www.TeachersonAPCalculus.com>

Save Close

Enter the website of your course to make the link available to students.

Tool rights to the Grade Book grant access to this tool.

From [Campus Student](#), students can access this web address from the Course Info, which displays when they click the name of the course in their Schedule, the Today view, or anywhere else in Campus Student.
