

County Setup

Last Modified on 12/14/2025 8:45 pm CST

Tool Search: County Setup

This tool lists the counties that the school district serves. The number of counties listed will differ depending on the district. Once added, counties are available for selection in [Ad Hoc Reporting](#).

Once counties are defined in this tool, they are available for selection on the [District Information](#) and [District County Setup](#) tools.
