District County Setup

Last Modified on 08/05/2026 2:23 pm CDT

Tool Search: District County

Once counties have been created in the Counties list, districts can select the county related to their district location. The counties within the district may be selected for state reporting purposes using this tool.

District County Setup tool

See the District Settings Tool Rights article for information on available tool rights.

Select District Counties

1. Click **New**.
2. Select the **County** from the dropdown list.
3. Click **Save**.

Delete District Counties

1. Select the County you want to delete.
2. Click **Delete.**
3. Click **OK**.
