## Report Logic

The following date logic applies to all record types unless otherwise noted.

- To report, a program must have been active at some point during the reporting year.
- Program records are not included in the extract when the program's End Date is prior to their first Enrollment Start Date. Graduation Seal records are exempt from this logic.
- Campus finds the student's enrollment with the latest End Date.

- When the Enrollment End Date is null, Campus uses the Calendar End Date.
- When multiple End Dates are the same, Campus looks for the latest Enrollment Start Date. This calculation is not filtered by the Calendar IDs selected on the extract editor.
- After finding the latest End Date, Campus then filters by Calendar ID.
- Students with an Enrollment code of 5905 do not report.
- Special Education Service records only report when the student's enrollment Start Status is 5905 and a reportable Flag record marked as Special Ed. No other program records report for these students.

Records report when they meet the following logic. Some records report when they meet a specific set of conditions while others report when specific fields are filled, for example, on the EL Services tool or the Homeless Services tool. The numbers mentioned in the Logic column below report in the Program Codes element on the report.

Record Type	Logic
<b>Academic Programs (CTE)</b>	<p>Student records report when the <b>Use Core CTE</b> checkbox is marked on the extract editor.</p> <p>Student records must be associated with <a href="#">Academic Programs</a> that meet ALL of the following requirements.</p> <ul style="list-style-type: none"> <li>• The Academic Program Detail (Program Admin) State Code (CIP) is not NULL, AND</li> <li>• The State Reported checkbox is marked,</li> <li>• The Academic Program Detail (<i>Student Information</i>) <b>Start Date</b> is prior to or on the <b>Effective Date</b> selected on the extract editor, AND</li> <li>• The Academic Program Detail (<i>Student Information</i>) <b>Start Date</b> is prior to or on the Calendar <b>End Date</b>, AND</li> <li>• Academic Program Detail (<i>Student Information</i>) <b>Program Intensity</b> field is not NULL,</li> <li>• The Academic Program Detail (Student Information) <b>End Date</b> is NULL OR prior to or on the Enrollment <b>Start Date</b>.</li> </ul>
<b>EL Records</b>	<ul style="list-style-type: none"> <li>• When the Program Status is EL and the <b>Program Exit Date</b> is null, the Program Code <b>0231</b> reports.</li> <li>• When the Program Status is Exited EL and the <b>Program Exit Date</b> is within the reporting school year then the Program Code <b>0231</b> reports.</li> </ul>
<b>EL Services Records</b>	<p>Codes report from the EL Services tool when the <b>EL Service End Date</b> is null or within the reporting school year.</p>

Record Type	Logic
<b>Foster Care Records</b>	<p>Foster Care records report from the Foster Care tool when the following requirements are met.</p> <ul style="list-style-type: none"> <li>• Foster Care Services Detail <b>Start Date</b> is less than or equal to the Extract Editor <b>Effective Date</b>, AND</li> <li>• Foster Care Services Detail <b>Start Date</b> less than or equal to the Calendar <b>End Date</b>, AND</li> <li>• Foster Care Services Detail <b>End Date</b> is NULL OR Foster Care Services Detail <b>End Date</b> is greater than or equal to the Enrollment <b>Start Date</b>.</li> </ul>
<b>Flag Records</b>	<p>Student records must be associated with <a href="#">Flags</a> that have the <b>State Reported</b> checkbox marked.</p>

Record Type	Logic
<b>FRAM Records</b>	<p>To report, the student's FRAM Certified Type can NOT be Declined, Denied, or Did Not Apply AND was active during the current year on or before the Report Effective Date.</p> <p>All eligible FRAM records within the current year report, including carryover records that started in the previous school year. FRAM records do not report when they begin AFTER the report Effective Date.</p> <p>Students who have a FRAM record with an eligibility of Free (Program <b>5817</b>) or Reduced (Program <b>5806</b>) report FRAM records in the following manner:</p> <ul style="list-style-type: none"> <li>• When there is more than one active record during the student's Enrollment dates in the current year, look for continuous records with the same Eligibility criteria and report the earliest start date in the Beginning Date field. Gaps between the older record's End Date and the newer record's Start Date are ignored when they have the same Eligibility criteria.</li> <li>• Carryover records that begin in the previous school year have a Start Date of 07/01 for the current year. Continuous Eligibility Start Date would be the earliest Start Date or 07/01 when it is a carryover record.</li> <li>• Continuous Eligibility End Date would be the End Date of the latest record that is on or before the Report Effective Date.</li> <li>• Continuous Eligibility records report when the above is true, the eligibility values are not the same, and the records are active in the current year. Carryover records that began in the previous year have a start date of 07/01 for the current year. When there are multiple active records during the student's Enrollment dates in the current year, the report looks for continuous records with the same Eligibility criteria. It reports the earliest start date in the Beginning Date field. Gaps between the older record's End Date and the newer record's Start Date are ignored when they have the same Eligibility criteria. Certified type fields are ignored when looking for continuous records.</li> </ul>
<b>Graduation Seal Records</b>	<p>The <b>Programs Code</b> and the <b>Beginning Date</b> report from the State Seal Information when the <b>Earned Date</b> is greater than or equal to the <b>Effective Date</b> entered on the extract editor. When multiple Graduation Seal records meet this criteria, the earliest record reports.</p>
<b>Homeless Records</b>	<p><b>8262</b> Homeless records report when the date logic is met on the Homeless tool.</p>
<b>Homeless Services Records</b>	<p>When Homeless Services record meets the standard date logic, a Program Code reports from <a href="#">Homeless Services</a>.</p>

Record Type	Logic
<b>Poverty Records</b>	A <b>0198</b> Poverty record reports for each 5817 and 5806 Free and Reduced Programs Fact record when the <b>Calculate 0198 Records</b> checkbox is marked on the extract editor.
<b>Program Records</b>	<p>Student records must be associated with <a href="#">Programs</a> that have the <b>State Reported</b> checkbox marked.</p> <p>Programs with a code of 4026, 4027, 4037, or 4047 are excluded from the report population. These programs are reported on the <a href="#">Partner Project Fact</a> extract.</p>

## Extract Editor Field Descriptions

Field	Description
<b>Extract Type</b>	The SIRS Extract to be run.
<b>Effective Date</b>	The date for which information reports.
<b>Included State Grade Levels</b>	Identifies the state grade levels to include in the report.
<b>Format</b>	The Format in which the report should generate. Options are State Format (CSV) and HTML. Use State Format for reporting information to the state and the other types for data review and verification.
<b>Ad Hoc Filter</b>	Selecting a filter limits the results to only those included in the filter.
<b>Column Headers</b>	Indicates whether Column Headers should be included in the report. This dropdown list applies to State Format (CSV).
<b>Calculate 0198 Records</b>	When this checkbox is marked, a 0198 Poverty record generates for each Free and Reduced Programs Fact record.
<b>Include Core CTE</b>	When this checkbox is marked, each Academic Program Detail (Student Information) record that meets the reporting criteria reports.
<b>Generate Extract/ Submit to Batch</b>	Users have the option of submitting a report request to the batch queue by clicking <b>Submit to Batch</b> instead of immediately generating the report by clicking <b>Generate Extract</b> . The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the <a href="#">Batch Queue</a> article.
<b>Select Calendars</b>	Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year.
