[Assigning Calendar Rights](#) | [Calendar Rights Scenarios](#) | [Calendar Rights Blocked by Account Automation](#)

Tool Search: User Group Calendar Rights

Calendar Rights determine what school, year and calendar access is provided to all users within the user group. Calendar rights work in tandem with Tool Rights, where Tool Rights determine which tools user group members can access and Calendar Rights determine which calendars user group members are allowed to view and modify via Campus tools.

Infinite Campus recommends setting up calendar rights as user groups that are separate from tool rights user groups. However, the district has the option to combine calendar rights and tool rights into one user group.

District system administrators should be the **ONLY** members with full rights to access all calendars and all tools. District system administrator rights should not be assigned on this tab.

Ad hoc Reporting Calendar Rights Fields

Information reports data from the UserSchoolYear Rights, UserGroupSchoolYearRights, and UserGroup tables with the following fields:

- **userID**
- **personID**
- **groupID** - data does not return for UserSchoolYearRights records
- **groupName** - data does not return for UserSchoolYearRights records
- **School** - when schoolID is not null, the name of the school reports; when schoolID is null, All Schools reports.
- **Calendar** - when calendarID is not null, the name of the calendar reports; when calendar is null, All Calendars reports.
- **ModifyRights** - when marked on the User Account tool, reports Yes; when not marked, reports No.
- **ReadOnly** - when ModifyRights is marked, reports No; when not marked, reports Yes.
- **CloseMonthRights** - when marked on the User Account tool, reports Yes; when not marked, reports No.
- **Owner Rights** - when marked on the User Account tool, reports Yes; when not marked, reports No.

Assigning Calendar Rights

Calendar Rights provides users with user groups access to specific schools, years, and calendars.

A district system administrator should be the only person who sets up and modifies calendar rights. Multiple sets of calendar rights may be added to a user group.

Image 2: Assigning Calendar Rights

To assign calendar rights to the user group:

1. Select the **New** button. The School Year Rights editor will appear on the right.
2. Select the **School**, **Year**, and **Calendar** users within the group can access.
3. If users within the group should be allowed to modify data in the selected Calendar, mark the **Modify Rights** checkbox.

Assigning Modify Rights to historical calendars is not recommended.

Marking the Modify Rights checkbox means users can modify data within the calendar (in conjunction with their assigned tool rights).

The calendar will be read-only if the Modify Rights checkbox is not marked. Users will not be allowed to modify any data, regardless of whether or not the users have specific tool rights to modify Campus tools.

4. If user group members should be allowed to modify attendance data for [closed school months](#), mark the **Close School Months** checkbox.

School Months are only used in some states and are assigned the [System Administration](#)

> [Calendar](#) area. If your state does not use school months, this tab is not displayed in Calendar and this field should not be used.

5. Select the **Save** icon. The calendar rights will appear in the Rights Editor window.

Calendar Rights Scenarios

This section will describe different scenarios for setting up calendar rights.

- [All Calendars/All Schools with Data Modification Rights](#)
- [All Schools/All Calendars with Read-Only Data Access Rights](#)
- [Select Schools/Calendars with Data Modification Rights](#)
- [Select Schools/Calendars with Read-Only Data Access Rights](#)
- [Read-Only Rights for a Previous Year](#)

All Calendars/All Schools with Data Modification Rights

To assign users within the user group the ability to view and modify all data within all schools and all calendars in the district:

1. Set **School** to 'All Schools'
2. Set **Year** to 'All Years'.
3. Set **Calendar** to 'All Calendars'
4. Mark the **Modify Rights** checkbox (Image 3).
5. Click the **Save** icon.

Image 3: All Schools/All Calendar Modify Rights

All Schools/All Calendars with Read-Only Data Access Rights

To assign the user group read-only data access rights to all calendars and schools within a district:

1. Set the **School** to 'All Schools'
2. Set **Year** to 'All Years'
3. Set the **Calendar** to 'All Calendars'
4. Leave the **Modify Rights** checkbox unchecked.
5. Select the **Save** icon. Once saved, the calendar rights will appear with 'Read-Only' next to it in the Rights Editor window (see Image 4).

The screenshot shows the 'Calendar Rights' window with a star icon and the title 'Grade-book Access'. Below the title are three buttons: '+ New', 'Save', and 'Delete'. The main area is divided into two panels. The left panel, 'Rights Editor', has a table with one row: 'All Years All Schools (All Calendars) (Read Only)'. A red arrow points to this row. The right panel, 'School Year Rights', contains dropdowns for 'School' (set to 'All Schools'), 'Year' (set to 'All Years'), and 'Calendar' (set to 'All Calendars'). Below these are two checkboxes: 'Modify Rights' (unchecked) and 'Close School Months' (unchecked). Three red arrows point to the 'School', 'Year', and 'Calendar' dropdowns.

Image 4: Read-Only All Schools and Calendars Rights

Select Schools/Calendars with Data Modification Rights

To assign a user group data modification rights for a specific calendar within a specific school:

1. Select a school within the **School** dropdown list.
2. Select a calendar within the **Calendar** dropdown list.
3. Mark the **Modify Rights** checkbox.
4. Select the **Save** icon.

The screenshot shows the 'Calendar Rights' window. The 'Rights Editor' table has one row: '22-23 WWSS Special Ed Holding'. A red arrow points to this row. The 'School Year Rights' panel shows 'School' set to 'WWSS Special Ed Holding School', 'Year' set to '22-23', and 'Calendar' set to '22-23 WWSS Special Ed Holding'. The 'Modify Rights' checkbox is now checked, and the 'Close School Months' checkbox remains unchecked. Three red arrows point to the 'School', 'Year', and 'Calendar' dropdowns, and one red arrow points to the 'Modify Rights' checkbox.

Image 5: Assigning Modify Rights for a Specific Calendar

Select Schools/Calendars with Read-Only Data Access

Rights

To assign a user group read-only data access rights for a specific calendar in a school:

1. Select a school within the **School** dropdown list.
2. Select a calendar within the **Calendar** dropdown list.
3. Leave the **Modify Rights** checkbox unchecked.
4. Select the **Save** icon. Once saved, the calendar rights will appear with 'Read-Only' next to it in the Rights Editor window (see Image 6).

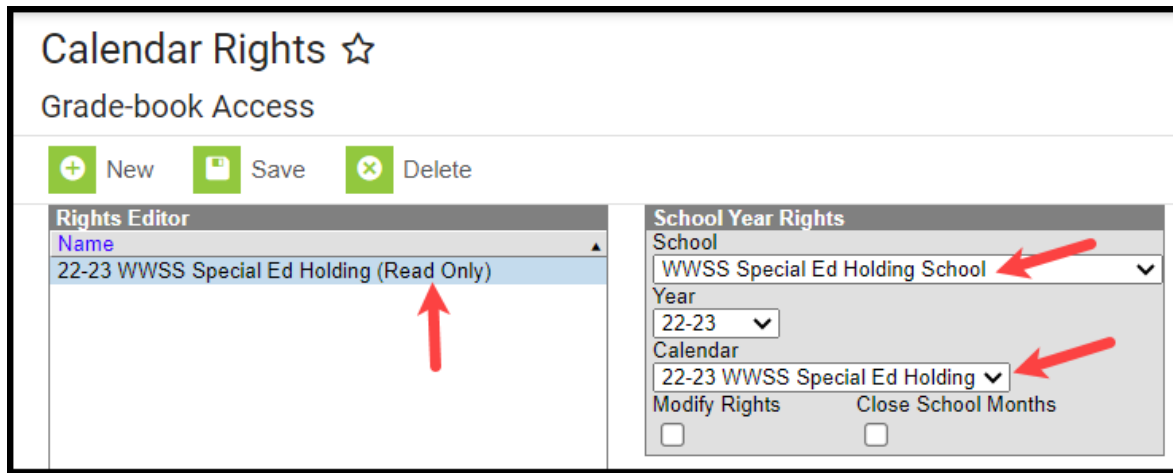

Image 6: Read-Only Rights for a Specific Calendar

Read-Only Rights for a Previous Year

To assign a user group read-only rights to a previous year calendar:

1. Select a school within the **School** dropdown list.
2. Select the **Year**.
3. Select the **Calendar**.
4. Leave the **Modify Rights** checkbox unmarked.
5. Select the **Save** icon. Once saved, the calendar rights will appear with 'Read-Only' next to it in the Rights Editor window (see Image 7).

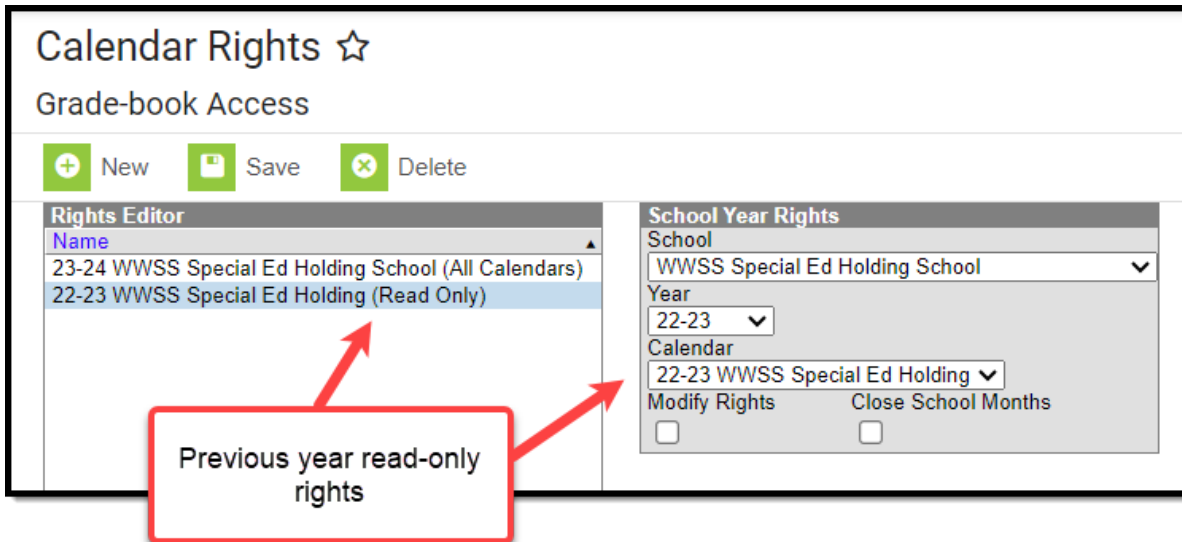

Image 7: Assigning Previous Year Read-Only Rights

Calendar Rights Blocked by Account Automation

If the '**Enable Automatic Creation of Staff Accounts**' preference is enabled via the [Account Security Preferences](#) tool, user groups saved with only Tool Rights will be prevented from adding Calendar Rights. If you attempt to add calendar rights to a tool user group you will see the message below (Image 8).
