## Report Logic

The following students report:

- English Language Learning Students with an EL record and an English Language Assessment
- Immigrant Students in State Grade K or higher who have been enrolled less than 3 complete school years
- All Immigrant Students in the State Grade Level PK
- All Foreign Exchange Students

## Report Editor Details

The following table defines the fields on the English Language Learning and Immigrant Students Report Editor.

Editor Field	Description
<b>Snapshot Date</b>	The date for which ELL and Immigrant Student data is collected. A date can be entered, but selecting a calendar will overwrite that date with a predetermined snapshot date.
<b>Format</b>	The format in which the report will generate. Options include HTML, Comma Separated and XML.
<b>Ad Hoc Filter</b>	The Ad Hoc Filter allows you to narrow search results to specific students.
<b>Calendars</b>	The calendar(s) from which data is pulled for the report. Can be set to display only the active year's calendars, or be sorted by school or by year. Selecting a calendar will enter a default Snapshot Date in that field.
<b>Submit to Batch</b>	Users have the option of submitting a report request to the batch queue by clicking Submit to Batch instead of Generate Extract. This process allows larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the <a href="#">Batch Queue</a> article.
