## Master Course Schedule Report Logic

A record reports for each section that meets the following requirements:

- Section is active on at least one day during the reporting range.
- Course has a Course State Code entered.
- Section being reported is instructional and scheduled during an instructional period in the calendar.
- Section being reported has at least one student actively rostered during the reporting date range.
- Only one record per section reports, even for sections that span multiple terms.
- To report, a section must have at least one rostered student:
  - With a Student State ID,
  - Enrolled in a grade level mapped to a State Grade Level of NG, PK, KG, or 01-12.
  - Whose roster record is active at some point within the section's schedule placement.
