SIRS Course Instructor Assignment Extract Editor.

## Report Logic

- To report, the course must meet the following requirements.
  - The State Code field on the course must be populated.
  - The Active checkbox on the course must be marked.
  - The class section must be scheduled in the Calendar selected on the extract editor.
  - The Section must have at least one Staff History record where the Staff Type is **P**.

- At least one student must have an active roster record for at least one day in which the class is scheduled unless the **No Roster** checkbox is marked on the course.
- A record does NOT report if
  - the calendar is marked as **Exclude**.
  - the Staff Type on the Staff History Record is **SS**.
  - the Staff History role is **99: Exclude from State Reporting**.
  - the staff member's Staff History End Date falls before the the class starts.
  - the staff member's Staff History Start Date is after the extract editor's Effective Date.
  - the Start Date of the first Term in which the class is scheduled is greater than the extract editor's Effective Date.
- If a teacher has multiple Staff History records in a single class, all Staff History records that qualify in the selection criteria report.

## Extract Editor Field Descriptions

Field	Descriptions
<b>Extract Type</b>	The extract to be run.
<b>Effective Date</b>	The date for which information reports.
<b>Format</b>	The Format in which the report should generate. Options are State Format (CSV) and HTML. Use State Format for reporting information to the state and the other types for data review and verification.
<b>Ad Hoc Filter</b>	Selecting a filter limits the results to only those included in the filter.
<b>Column Headers</b>	Indicates whether Column Headers should be included in the report. This dropdown list applies to State Format (CSV).
<b>Generate Extract/ Submit to Batch</b>	Users have the option of submitting a report request to the batch queue by clicking <b>Submit to Batch</b> instead of immediately generating the report by clicking <b>Generate Extract</b> . The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the <a href="#">Batch Queue</a> article.
<b>Select Calendars</b>	Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year.
