Report Logic

Students report when they have an active enrollment record as of the entered Effective Date on the report editor. Students must also have the following:

- A FRAM Application Reference number with an Application Expiration Date that is on or after (not before) October 1 of the reporting year.
- A FRAM Eligibility record with an End Date is on or after (not before) October 1 of the reporting year with an Eligibility of Free or Reduced and a Source that is Non-Direct.

Eligibility records do not report when the Source is Direct or when the Certified Type is Did Not Apply.

Students are not included in the report when:

- Their Enrollment record is marked as No Show or State Exclude.
- Their Calendar of enrollment is marked as State Exclude.

- Their Grade level of enrollment is marked as State Excluded.

Report Editor

Field	Description
File Type	Indicates the type of report that generates. A Summary report is available that provides counts of students who meet the reporting population. A Detail report is also available that includes student names.
Effective Date	Indicates the date the report uses to pull student data based on active enrollment records and other related information. The current date displays automatically, but it can be modified by entering a new date in <i>mmddyy</i> format or by using the calendar icon to select a date.
Format	Determines how the report generates - in CSV or HTML format.
Ad hoc Filter	Limits the students included on the report to just those students who are included in the filter, assuming they meet the other requirements of the report.
Calendar Selection	Indicates from which calendar(s) information reports. At least one calendar needs to be selected in order to generate. Calendars can be selected by Active Year, by School Name or by Year.
Report Generation	Determines when the report generates. Use the Generate Extract button to immediately display the results of the report. For a larger data set (multiple calendars, etc.), use the Submit to Batch button. This allows the selection of a specific time in which the extract generates (after school hours). See the Batch Queue article for more information.

Generate the Report

1. Select the desired **Report Type** - Summary or Detail.
2. Enter the **Effective Date** of the report.
3. Select the **Format** in which to generate the report.
4. If desired, select an **Ad hoc Filter**.
5. Select the **Calendars** to include in the report.
6. Click the **Generate Extract** button to display the report immediately, or use the **Submit to Batch** button to determine when the report should generate. The report displays in the selected format.

Use the results of of this report to populate the form available from DPI.
