Tool Search: Community Day Attendance

The Community Day Report lists attendance for students in Community Day schools and programs. A **Register Report** and a **Summary Report** are available.

Community Day Report

**Read** - View and generate the Community Day Report.

**Write** - N/A

**Add** - N/A

**Delete** - N/A

For more information about Tool Rights, see the [Tool Rights](#) article.

# Calendar Setup

Instructional Day is based on 360 minutes of classroom instruction provided under the immediate supervision and control of a Certificated employee of the district.

The schedule should be set up with 60 minute periods so attendance can be recorded once a clock hour. Districts are responsible for ensuring students are scheduled for at least the minimum amount of classroom instruction.

## Report Logic

All students in **Attendance Funding Category 23: Community Day School** or **34: Community Day - Mandatory Expelled** are included in the report.

A Certificated Teacher is defined as a teacher with any of the following types in any active District Assignment in the selected Calendar(s).

- 10 - Certificated K12 Administrator
- 11 - Certificated K12 Pupil Service
- 12 - Certificated K12 Teacher
- 27 - Itinerant or Pull-Out/Push-In Teacher

The District of Apportionment is assumed to be the Reporting District unless there is a value in the District of Apportionment field on the active enrollment record during the selected School Month.

### Student Information

- Students must be actively enrolled and on the roster of at least one attendance-taking course section scheduled in an instructional period for at least one instructional day within the selected School Month to report.
- Students marked as No Show in the selected school month do not report unless there is a subsequent enrollment that is not marked as No Show in the same School Month.
- Students whose enrollment records are marked as State Exclude, enrolled in Grade Levels marked as State Exclude or enrolled in a Calendar marked as State Exclude do not report.
- All Enrollment Service Types (Primary, Partial, Special Education) report. If an enrollment has ended and a new enrollment for the same student begins in the same school month, only one entry is reported, and Code N fills in the time gaps between the end of one enrollment and the start of the new enrollment.
- Student data reports from the enrollment that is active during the selected school month.
- Students who end/begin enrollments due to a change in Attendance Funding Category, District of Apportionment or Grade Level during the selected school month report once for each enrollment.

### Reporting Periods

- **P1** = full school months ending on or before December 31
- **P2** = full school months ending on or before April 15
- **Annual** = all school months

- **19-20 P2** = School Month 01 through the last full School Month that ends on or before February 29, 2020 (added in response to COVID-19)
- **Annual** - all school months in a calendar
- **19-20 Annual** = all school months in a calendar that end on or before February 29, 2020 (added in response to COVID-19)

Students and Attendance Data are grouped in the following order:

1. Attendance Funding Category on the Report Editor. If both options are selected, Category 23 reports first.
2. District of Apportionment
3. State Grade Level
4. Alphabetical by last name (Register Report only)

## Report Editor

The following fields are available for selection.

Field	Description
<b>Report Type</b>	Determines which format of the Community Day report generates - Register or Summary.
<b>Report Period</b>	<p>This displays when generating the Summary Report. Indicates the time of school year is being reported. Choose one of the following:</p> <ul style="list-style-type: none"> <li>• <b>P1</b> = School Month 01 through the last full School Month that ends on or before December 31</li> <li>• <b>P2</b> = School Month 01 through the last full School Month that ends on or before April 15</li> <li>• <b>19-20 P2</b> = School Month 01 through the last full School Month that ends on or before February 29, 2020 (added in response to COVID-19)</li> <li>• <b>Annual</b> - all school months in a calendar</li> <li>• <b>19-20 Annual</b> = all school months in a calendar that end on or before February 29, 2020 (added in response to COVID-19)</li> <li>• <b>Choose School Months</b> = displays a list of School Months from which to report</li> </ul> <p>When choosing the <b>19-20 P2</b> or <b>19-20 Annual</b> Reporting Periods, a <b>19-20 P2 or 19-20 Annual Divisor</b> field displays. Enter the Fixed Divisor field as a numeric value between 1 and 135.</p>
<b>Attendance Funding Category</b>	Chosen categories are included in the report. Both are marked automatically; to only report on one category, remove the checkmark from the desired option.
<b>Grades</b>	Indicates which state grade levels are included in the report. All Grades can be selected. Only grade levels included in the calendar selected in the Campus toolbar are listed.

Field	Description
<b>Emergency Closure Days</b>	This displays when generating the Summary Report. Enter the total number of Emergency Closure Days (count of) and/or the dates of the Emergency Closure. This option is available when the Report Period is set to P1, P2, Annual, 19-20 P2 or 19-20 Annual.
<b>School Month</b>	Selection indicates from which school month data is reported. Only one school month can be selected at a time. A calendar must be selected in the Campus toolbar in order to select a School Month.
<b>Report Generation</b>	Use the <b>Generate Report</b> button to have the report display immediately. Or, use the <a href="#">Submit to Batch</a> button to choose when the report should generate. Submit to Batch can be used when a large amount of data is expected to report. Either option generates the report in PDF format.

# Generate the Register Report

1. Select the **Register Report Type**.
2. Select the desired **Attendance Funding Categories**.
3. Select the desired **Grade Levels**.
4. Select the desired **School Month**.
5. Click either the **Generate Report** button or the **Submit to Batch** button. The report displays in PDF format.
