Google Drive Preferences

Last Modified on 10/28/2026 4:43 pm CDT

This tool is available with Campus Learning Suite.

Tool Search: Google Drive Preferences

In the Preferences tab, select which schools should have access to the Google Drive options in their assignments.

Google Drive Preferences

See the Instruction Settings Tool Rights article for more information.

Allow teachers to upload files from Google Drive to assignments, allow students to submit Google Drive files for assignments through the Portal/Campus Student, or both. Click Save when finished.

Teachers must be given the **Google Drive** tool right in Campus Instruction to have access to these options.
