The section can be in an instructional OR non-instructional period.

- Student has a transcript record where the PARCC assessment dropdown list is not null AND
  - has an assessment with a matching consortium code but no passing score OR
  - has No assessment with a matching consortium code.
- Students appear on the extract multiple times if they are tied to multiple courses or have multiple transcript entries that meet the above criteria.
- If a student is tied to multiple sections or courses, the student only reports once per course, per test code as of effective date. The course with the highest course ID reports.
