

Credits and GPA (New Hampshire)

Last Modified on 06/02/2026 2:18 pm CDT

The **i4see Extracts** tool is no longer supported or updated by Infinite Campus. However, it is available in the Infinite Campus system for the time being, allowing schools to continue using reports as needed.

The **Initiative for New Hampshire's Data Exchange (iNHDEX)** is the statewide student information system implemented across all public schools and districts in New Hampshire. For more information about the available extract types, refer to the [iNHDEX](#) documentation.

Tool Search: i4see Extracts

The Credits and GPA Report is used in the Early Warning System to help identify students who are at risk of dropping out of school.

Credits and GPA Report Editor

Report Logic

The Credits and GPA Report provides information on all students in high school grade levels (9th-12th) and can be generated for a single active year.

Students are not included when:

- The enrollment record is marked as No Show or Exclude from State Reporting.
- The grade level of enrollment is marked as Exclude from State Reporting.
- The calendar of enrollment is marked as Exclude from State Reporting.

Extract Editor

Field	Description
Extract Type	Indicates the type of extract selected. Select Credits and GPA from the list of options.
GPA Reported	Choose either Weighted or Unweighted to be included in the report. See the GPA Calculations in Campus for more information on weighted and unweighted GPAs.
Ad hoc Filter	Selection of previously made filter that contains specific students to include in the label request
Report Format	Determines how the request is generated - in the State Format (CSV) or HTML. Use the HTML format when reviewing data. Use the State Format when submitting the list to the state.
Calendar Selection	At least one calendar must be selected in order for the extract to generate. Calendars are selected by the active year, by the school, or by the year. Students in the chosen calendars are included in the extract.
Report Generation	The report displays immediately when the Generate Extract button is selected. Or, determine when the report should generate by using the Submit to Batch button.

Generate the Report

1. Select the Credits and GPA from the Extract Type dropdown list.
2. Select which GPA to report - Weighted or Unweighted.
3. Select students to include in the extract by choosing an Ad hoc filter.
4. Select how the report should generated - CSV Format or HTML.
5. Select the appropriate calendar(s).
6. Click the Generate Extract or Submit to Batch button.
