## Dual Language Immersion Record Fields

### Tool Search: Dual Language

The Dual Language Immersion (DLI) tool is used to track a student's path in a Dual Language Immersion program. Dual language programs aim to help students develop high levels of language proficiency and literacy in both program languages, attain high levels of academic achievement, and develop an appreciation and understanding of multiple cultures. This tool allows users to add, edit, or delete Dual Language Immersion student records. Users may also print a summary of all Dual Language Immersion records for the selected student.

## Immersion Year

The Immersion Year drop-list allows users to identify which number in a series of school years (first-fifth) a student is participating in a dual language immersion program at the elementary campus. For an elementary student to receive one high school credit for a language other than English, the student must successfully complete a dual language immersion program and all requirements must

be met.
