The High School Data Collection (HSDC) captures student-level information that includes student demographics, high school program completion, information on how students met Maryland High School Assessment graduation requirements, College and Career Readiness Indicators, Postsecondary Readiness Indicators, and other accountability-related information.

This report collects the following information:

- Student Demographic Data
- High School Assessment Status and Scale Scores
- College and Career Readiness Data
- High School Completers Data
- Accountability Measures

Before you run the HSDC report, first run the [Assessment Status Calculation Tool](#) as several fields in this report are determined by running the Assessment Status Calculation Tool first.

The screenshot shows the 'HSDC' report editor interface. At the top, there's a navigation bar: 'Reporting > MD State Reporting > HSDC'. Below the navigation, a box contains the 'MD High School Data Collection' description. It states: 'The High School Data Collection captures student level information that includes student demographics, high school program completion, information on how students meet Maryland High School Assessment graduation requirements, College and Career Readiness Indicators, Postsecondary Readiness Indicators, and other accountability related information.' It also notes: 'Prior to running the HSDC report, first run the Assessment Status Calculation Tool as several fields in this report are determined by running the Assessment Status Calculation Tool first.' and 'This is a very complex report. For best performance, please try to limit the number of students run per batch or consider using the Submit to Batch button.'

The main area is titled 'Extract Options' and includes fields for 'Start Date' (08/26/2024), 'End Date' (06/30/2025), 'Run Date' (01/10/2025), 'File Identifier' (001), 'Format' (Fixed Width (State Format)), 'ELA Transition Course Filter', 'Math Transition Course Filter', and 'Exclude Cross-Site Data' (checked). Below this is a 'Select Students' section with a radio button for 'Grade' (selected) and a dropdown menu showing 'All Grades' with options 96, 95, 94, and 93. There's also an 'Ad Hoc Filter' dropdown. At the bottom of this section are 'Generate Report' and 'Submit to Batch' buttons.

To the right of the 'Extract Options' section is a 'Select calendar(s)' dropdown with 'active year' selected. Below it is a dropdown menu showing a list of schools, starting with '24-25' and including '24-25 0007 Cecil Elementary', '24-25 0008 City Springs Elem/M', and so on through '24-25 0045 Federal Hill Prep M'. At the bottom of this dropdown is the note: 'CTRL-click or SHIFT-click to select multiple'.

At the very bottom of the editor interface, there are buttons for 'Refresh', 'Show top 50 tasks submitted between 01/03/2025 and 01/10/2025', and a 'Batch Queue List' table with columns 'Queued Time', 'Report Title', 'Status', and 'Download'.

Report Logic

- Students report if they meet all of the following criteria:
 - Must have an enrollment in the calendar through the End Date selected on the extract editor.
 - The student's enrollment is active on the last instructional day of the school year OR their Enrollment End Status is C60, C62, or C70.
 - The Enrollment type must be primary enrollment, partial, or special education services enrollment.
- Students must meet one of the following criteria:
 - Enrollment was active in the selected calendar on an Instructional and Attendance Calendar Day before the End Date in the extract editor.
 - Graduation Diploma Date between July 1 and August 31 of the School Year Start Year .
- If a student has more than one enrollment that meets the previous requirements, only the most recent enrollment reports.
- Students are NOT included if their:
 - enrollment record is marked as State Exclude;
 - enrollment record is marked as No Show;
 - Grade Level of enrollment is marked as State Exclude; or
 - Calendar of enrollment is marked as State Exclude.
