

# EIS 080 Student Final Grade Extract (Tennessee) (18-19 Version)

Last Modified on 10/21/2024 8:21 am CDT

[Report Logic](#) | [080 Student Final Grade Extract Layout](#)

The 080 Student Final Grade extract uploads students' grades at the end of the instructional year to EIS. The [048 Student Class Assignment Extract](#) and [030 Class Section Extract](#) should be submitted prior to submitting the 080 extract.

See the [EIS Batch Transmission](#) article for an overview of the EIS Batch Transmission File, logic that applies to all extracts, and generation instructions.

## Report Logic

A final grade is defined as a grade in:

- A course with a grading task or standard marked as State Reported in Grading & Standards and Final Grade in Course > Grading Tasks.
- A course with a grading task or standard marked as State Reported in Grading & Standards with only one Term Mask marked in Course > Grading Tasks.

A record reports for each student with a primary enrollment in grades 5-12 in the active school year who received a final grade. The student must have a Score entered for a Grading Task or Standard marked as State Reported.

Manually entered transcript records are those not tied to a sectionID.

- A record reports for each transcript record in the current year where the Transcript District No. matches the State District Number.
- To report, a student must have an active primary enrollment in grades 5-12 in the current school year.
- A record does not report if the District Number is 888 or if the student is enrolled in a grade other than 5-12
- If the Transcript District Number is 999, a record reports for each transcript record in the current year that has a value populated in the State School No field.

Summer school students are those enrolled in a Summer School calendar and scheduled into a state reported section, or those with a manually entered transcript record marked as Summer School. Summer school calendars are marked as Calendar Exclude and Summer School.

- A record reports for each student with a primary enrollment in grades 5-12 in a Summer School calendar associated with the previous school year who has received a final grade in a state reported section.
- Manually entered transcript records report when a Term of SU is entered and the School Year is one year prior to the active year.

Students who do not have a Student State ID do not report. Additionally, records are not reported

for the following students. These students are included in the warning report.

- Students with multiple active Primary enrollments.
- Students with multiple enrollments in the same school.
- Students with an enrollment marked as N: Special Ed Services.
- Enrollments marked as No Show or Exclude, or in Calendars or Grade Levels marked as Exclude.
- Students with manually entered transcript records that are not Summer School records when the student has no enrollment in the active year or a partial enrollment.
- Students who have a summer school record but no primary enrollment in the previous year.
- Students with manually entered transcript records where the School No. and State No. are both null or blank.

Courses in calendars marked as exclude are not reported. Additionally, records do not report for Sections that meet any of the following conditions, which are included in the warning report:

- Course is marked as Exclude.
- Course has a Type selected but no State Code.
- Section has a Type Override entered but no State Code.
- Sections where an Advanced Academics value is selected on both the Course and Section.
- Courses with both a reportable grading task and standard.
- Courses with multiple state reported grading tasks or standards where more than one or none are marked as Final Grade.
- Courses with one state reported grading task or standard not marked as Final Grade and the course is has multiple Term Masks marked.

If a record was previously reported and then marked as exclude, a delete record will be sent to EIS for each record.

The **Record Key**, which helps determine the Type of record sent (New, Edit, or Delete), is comprised of the Record ID, Record Version, District ID, School ID, School Year, Instructional Program Number, Local Class Number, Term Class was Taken, and State Assigned Student ID.

## Recommended District Setup

Manually entered transcript records must have the following fields populated:

- School No. or State School No.
- School Year
- Term
- Grade
- State Code
- Course Number
- Credits Attempted
- Credits Earned
- Score
- Percent

# 080 Student Final Grade Extract Layout

Element Name	Description	Type, Format and Length	Campus Database	Campus Application
<b>Record ID</b>	Identifies the extract - reports as "080"	Numeric (3)	N/A	N/A
<b>Record Version</b>	Identifies the extract version - reports as "01"	Numeric (2)	N/A	N/A
<b>Record Type</b>	Identifies the type of extract: <ul style="list-style-type: none"> <li>• N: New</li> <li>• E: Edit</li> <li>• D: Delete</li> </ul>	Character (1)	N/A	N/A
<b>Filler</b>	N/A. Reports as 00.	N/A	N/A	N/A
<b>District ID</b>	Reports the TN Department of Education assigned District Number.	Numeric (3)	District.number	System Administration > Resources > District Information > State District Number
<b>School ID</b>	Reports the TN Department of Education assigned School Number. For manually entered transcript records, reports the School No if available.	Numeric (4)	School.number	System Administration > Resources > School > State School Number
<b>School Year</b>	Reports the start year of the school calendar.	Date (4) CCYY	SchoolYear.startYear	System Administration > Calendar > School Years > Start Year

Element Name	Description	Type, Format and Length	Campus Database	Campus Application
<b>Instructional Program Number</b>	Reports the unique Instructional Program Number of the school, or as 99 if blank. For manually entered transcript records, reports as 99.	Numeric (2)	Calendar.instructional ProgramNumber	System Administration > Calendar > Calendar > Instructional Program Number
<b>Student Social Security Number</b>	Reports the student's social security number.	Numeric (9)	Identity.ssn	Census > People > Identities > Current Identity > Soc Sec Number
<b>Student PIN</b>	Reports the unique student identifier provided by the school.	Numeric (9)	Person.additionalID	Census > People > Demographics > Person Identifiers > Student PIN
<b>Local Student Key</b>	Reports the locally-generated student identifier.	Numeric (10)	Person.studentNumber	Census > People > Demographics > Person Identifiers > Local Student Number

Element Name	Description	Type, Format and Length	Campus Database	Campus Application
<b>Year Class was Taken</b>	<p>The year the class was taken. Reports the Start Year of the school year as marked on the transcript, or as the Start Year of the associated calendar.</p> <p>For example, the 2010-11 school year would report as 2010.</p>	Numeric (4)	TranscriptCourse.startYear SchoolYear.startYear	Student Information > General > Transcript > Start Year; System Administration > Calendar > School Years > Start Year

Element Name	Description	Type, Format and Length	Campus Database	Campus Application
<b>Term Class was Taken</b>	<p>The term of the school year in which the class was taken. If the Calendar is marked as Summer School and Exclude, reports as SU. Otherwise, reports the Term of the associated transcript record. If blank, reports the Final Grade Term from the section. If that field is blank, reports based on the section schedule placement. Options are as follows:</p> <ul style="list-style-type: none"> <li>• S1: Semester 1</li> <li>• S2: Semester 2</li> <li>• T1: Trimester 1</li> <li>• T2: Trimester 2</li> <li>• T3: Trimester 3</li> <li>• Q1: Quarter 1</li> <li>• Q2: Quarter 2</li> <li>• Q3: Quarter 3</li> <li>• Q4: Quarter 4</li> <li>• YR: Year Long Course</li> <li>• SU: Summer School</li> </ul>	Character (2)	TranscriptCourse.termCode Section.finalGradeTerm	System Administration > Calendar > Exclude, Summer School; Student Information > General > Transcript > Term; Scheduling > Courses > Section > Final Grade Term

Element Name	Description	Type, Format and Length	Campus Database	Campus Application
<b>Grade Assignment When Class was Taken</b>	<p>The grade level of the student during the class.</p> <p>For manually entered transcript records where the grade level is null or blank, reports as blank. Otherwise, reports the State Grade Level Code of the student's grade level.</p> <p>If the student has received a score in a State Reported grading task or standard where no transcript record exists, reports the State Grade Level Code based on the student's enrollment.</p>	Character (2)	TranscriptCourse.grade GradeLevel.stateGrade Enrollment.grade	Student Information > General > Transcript > Grade; Student Information > Genera > Enrollments > Grade
<b>Private or out of State Transfer</b>	<p>Indicates that the course credit was transferred from a private or out of state school. If the State School No. is populated on the transcript record, reports as Y. Otherwise reports as N.</p>	Character (1)	TranscriptCourse.transcriptField1	Student Information > General > Transcript > Private or Out of State Transfer

Element Name	Description	Type, Format and Length	Campus Database	Campus Application
<b>Course Code</b>	The State Code of the course.	Numeric (5)	TranscriptCourse. stateCode Course.stateCode	Student Information > General > Transcript > State Code; Scheduling > Courses > Course > State Code
<b>Local Course Number</b>	The local course number. Reports the Course Number + Section Number.	Character (15)	TranscriptCourse. courseNumber Course.number Section.number	Student Information > General > Transcript > Course Number; Scheduling > Courses > Course > Number; Scheduling > Courses > Section > Number
<b>Credits Attempted</b>	The total number of credits attempted for the class. Reports as three digits with no decimal. For example, .5 credits would report as 050.	Numeric (3)	TranscriptCredit. creditsAttempted	Student Information > General > Transcript > Credits Attempted
<b>Credits Earned</b>	The total number of credits the student earned for the class. Reports as three digits with no decimal. For example, .5 credits would report as 050.	Numeric (3)	TranscriptCredit. creditsEarned	Student Information > General > Transcript > Credits Earned

Element Name	Description	Type, Format and Length	Campus Database	Campus Application
<b>Alpha Grade</b>	The letter grade earned by the student in the class. Reports the State Score mapped to the score entered on the transcript record, or the Score if not mapped. If no transcript record is found reports the State Score from the most recent state reported Grading Task or Standard.	Character (2)	ScoreListItem.stateScore TranscriptCourse.score GradingScore.score	Student Information > General > Transcript > Score; Grading & Standards > Score Groups > State Score; Scheduling > Courses > Section > Grading by Task > Score

Element Name	Description	Type, Format and Length	Campus Database	Campus Application
<b>Numeric Grade</b>	<p>The numeric grade earned by the student in the class, including rigor points</p> <p>For manually reported transcript records, if the score on the Transcript is P, reports as 0. Otherwise, reports based on the Percent on the Transcript.</p> <p>Otherwise, if the student has received a Score in a State Reported Grading Task or Standard where no transcript record exists, the Percent from the State Reported Grading Task or Standard is reported, rounded to the nearest whole number.</p>	Numeric (3)	TranscriptCourse.percent GradingScore.percent	Student Information > General > Transcript > Percent; Scheduling > Courses > Section > Grading by Task > Percent

Element Name	Description	Type, Format and Length	Campus Database	Campus Application
<b>Quality Points (Rigor)</b>	<p>The total rigor points awarded for the course.</p> <p>Reports as follows based on the Advanced Academic value selected:</p> <ul style="list-style-type: none"> <li>• 5: AP, AICE, IB</li> <li>• 4: DE, IC, DC, SDC</li> <li>• 3: IGCSE, H</li> <li>• Advanced Academic Points value: OTR</li> </ul> <p>If Remove Pts is marked on the section or Advanced Academic is null, reports as 0.</p>	Numeric (1)	Course.honorsCode Section.honorsCode	Scheduling > Courses > Course or Section > Advanced Academic; Section > Remove Pts, Advanced Academic Points
<b>State Assigned Student ID</b>	Reports the unique state-assigned student ID generated in EIS.	Numeric (9)	Person.stateID	Census > People > Demographics > Person Identifiers > Student State ID
<b>Filler</b>	N/A	N/A	N/A	N/A
