Tool Search: Health Contact Log

The Health Contact Log is used to record all instances of communication by school personnel regarding a particular student and their health needs. This communication can be with the student, their guardians, or others, and could include letters or email, phone calls, and face-to-face meetings for example.

There are several areas within Student Information that include a Contact Log tool - Counseling, Health, PLP, Response to Intervention (RTI), Special Education, plus several states that have a localized Contact Log for certain tools. In an effort to consolidate and streamline the process of managing communication between the school and students/guardians of students, the [Contact Log in Student Information General](#) is the main hub where all contact log records can be viewed and modified by school personnel who are granted proper tool rights. The Health Contact Log functions the same as this new Contact Log.

Submit feedback for the new Contact Log by clicking the **Feedback** button in the bottom right hand corner. This takes you to the [Campus Community Contact Log](#) forum topic where you can add your suggestions for the Contact Log.

The screenshot shows the 'Health Contact Log' interface. At the top, there is a header with the student's name 'Abegg, Dylan V', grade '11', ID '#171900001', DOB '09/15/05', and counselor 'Joy Counselor'. Below this is a table with columns: Module, Contacted By, Contacted, Contact Type, Date/Time, and Details. The table contains one entry for 'Health' contacted by 'Administrator, Demo' on '11/07/2022 01:12 PM' with the detail 'Dylan has a fever and needs to be picked up asap. Father is on the way.' To the right of the table is a sidebar with a 'Related Tools' dropdown and a list of tools: Conditions, Daily Health Log, Health Contact Log (highlighted), Health Documents, Immunizations, Medications, Office Visits, Office Visits History, and Screenings. At the bottom left are 'New' and 'Print' buttons, and at the bottom right is a 'Feedback' button.

See the [Health Contact Log Tool Rights](#) article for information about rights needed to use this tool.

Contact Log Fields in Ad hoc Query Wizard

Information from the Contact Log records can be included in an Ad hoc Query using the **Student Data Type**. Contact log fields are available in the following locations:

- Student > Counselor > Contact Log
- Student > Learner Planning > Contact Log (includes fields for RTI, PLP and Special Education)
- Student > Health > Contact Log

See the [Contact Log Detail Descriptions](#) for specific Ad hoc fields.

Contact Log Ad hoc Fields

Enter a New Contact Log Record

See the table following these procedures for descriptions of these fields, Ad hoc locations and Database information.

1. Click the **New** button. The **Contact Log Detail** side panel displays.
2. Select the area of contact from the **Module** dropdown list. When entering a Contact Log record from a location other than the General Contact Log tool, the Module field is already populated with the area of product.
3. Verify the **Contact Date/Time** field of the contact is correct. This field auto-populates with the current date and time. When entering a record from a contact that previously happened, modify this field accordingly.
4. Select the appropriate **Contact Type** from the dropdown list.
5. Use the **Contacted** fields to select and/or enter who was contacted.
6. Enter the **Details** of the contact.
7. Click the **Save** button to save the record. Or, to enter another record for the same student, click the **Save & New** button to save the record and enter another new record.

Contact Log Detail

Contact(s) List Logic

The Contacts(s) dropdown list includes 6 different "types" of people and shows them in the following order:

1. the student themselves
2. people with current relationships to the student ("Guardian" will appear if the guardian checkbox has been marked)
3. people currently in the student's household
4. active teachers for course/sections a student is currently taking

5. any current Team Members for the student
6. people who have been contacted previously for this student who exist as users in Campus

Filter Contact Log Records

The Contact Log organizes records by Module (the type of contact log record), Contacted By (who made the contact), Contacted (who was contacted), Contact Type, the date and time the record was saved, and the Details (reason) for the contact.

Contact Log records are sorted first by the Date and Time of the record, with the most recent record displaying first. To display contact log records for only one module, select that module by using the filter option located in the Column Menu which is indicated by 3 dots to the right of each column.

In the example below, the Column Menu is open for the Module column showing the options available.

The screenshot shows the 'Contact Log' interface for a student named Dylan V. Abegg. The interface includes a header with student information and a 'Related Tools' dropdown. The main table has columns: Module, Contacted By, Contacted, Contact Type, Date/Time, and Details. The 'Module' column's column menu is open, showing options: Sort Ascending, Sort Descending, Columns, and Filter. The 'Filter' option is selected. The table displays several records for different modules like Health, PLP, Special Ed, Response to Intervention, and Counseling. A right-hand sidebar contains a list of 'Activities' including Ad Hoc Letters, Assessment, Athletics, Attendance, Behavior, Blended Learning Group Assignments, Contact Log (highlighted), Credit Summary, Custom, Enrollments, Fees, Flags, Forms, Grades, Graduation, Lockers, OLR Athletic Health Info, Person Documents, and Profile.

Filter Options from Column Menu

Print Contact Log Records

Default options are set to include every contact in each module, for all dates, contact types, entered by all staff, and contact made to all individuals, and sorted by date. These can be modified by removing the All option and adding specific values to the fields.

1. Click the **Print** button in the lower left corner. A **Contact Log Print** panel opens to the right.
2. Choose desired **Module** for which to print records.
3. Enter the **Start Date** and **End Date** to return records within that range only. Or, leave these fields without a selected date to print all records.
4. Select the desired **Contact Type**.
5. Select the desired **Contacted By** option.
6. Select the desired **Contacted** option(s).
7. Choose the appropriate **Sorting** option - Date ascending, Date descending, or Contacted By.
8. Click the **Generate** button. The report prints in PDF or CSV format for the selected student.

In the example below, Counseling Contact Logs entered between October 1 and December 2 in ascending Date order are included.
