The Family Resource and Youth Services Centers Program (FRYSC) was established by the passage of the Kentucky Education Reform Act in 1990 with the primary goal of removing non-cognitive barriers to children's learning. These school-based centers are designed to promote the flow of resources and support to families in ways that strengthen the functioning and enhance the growth and development of the individual members of the family unit. Each center has a unique blend of program components depending on location, available services, local need and community input.

Once approved for a grant, centers are established near the population to be served and are available for any student or member of the student's family with a need for support and/or intervention.

FRYSC tool data is reported via the FRYSC Group Program Report and [FRYSC State Report](#).

FRYSC records are read-only for Kentucky State Edition users.

FRYSC records outside the active year are read-only for all users.

The screenshot shows the FRYSC Student tool interface. At the top, there is a header with the user's name (Abrams, Jenna M), student information (Student #: 998337324, Grade: 10, DOB: 02/12/2009, Counselor: Sarah Uhl), and a star icon for medical conditions. Below the header, there are buttons for "Add Intervention", "Add Group Program", "Print All", and "Print Current Year". The main content area is titled "FRYSC" and contains a list of interventions and group programs. On the right side, there is a "Related Tools" dropdown menu with options: Attendance Group, Early Learning/Prior Settings, ESS, FRYSC (highlighted), Pre-School, Supplemental School Year Program, TEDS, and Title 1 Services.

Adding a FRYSC Group Program

The FRYSC tool allows users to add a FRYSC Group Program for a student.

FRYSC Group Programs can be added to students en masse using the [FRYSC Program Participation Wizard](#).

FRYSC Group Programs are setup and managed via the [FRYSC Group Programs \(Kentucky\)](#) tool.

1. Select the **Add Group Program** icon from the FRYSC action bar. A pop-up window appears.
2. Select the appropriate **FRYSC Group Program** option from the dropdown list. This list is based on the options in the FRYSC Group Program editor in the System Administration Student tool.
3. Click the **Select** button when finished. The FRYSC Group Program Detail editor will appear (see image below).
4. Select the **Enrollment** for which this intervention applies. This field will be populated with the enrollment from the selected year and school in the Campus toolbar.

If a student's enrollment does not overlap the group program, but the Time Frame for the program is selected as "07: Winter Break" or "09: Summer Break", the student will be enrolled in the program for the dates specified on the FRYSC tool.

Non-Summer/Winter time frame programs require enrollment dates which overlap the group program dates by at least one day.

5. Enter the **Start Date** of this intervention in *mmddyy* format, or use the calendar icon to select a date. Start dates must fall within the start and end dates of the selected calendar.
6. Mark the **Parent Participated** check box if the student's parents participated in the program.
7. Click the **Save** icon when finished.

When adding program detail, previously entered program information appears but cannot be edited. To edit past program information, that program must be selected from the Group Program editor.
