The Individual Education Plan is used to capture student special education plan information and match the required documentation provided by the Bureau of Indian Education. This document describes each editor, a description of each field on the editor, and any special considerations and instructions.

The current print format is the **BIE IEP 2023.3** and **BIE IEP with Transition**. Plan formats are selected in [Plan Types](#). The plan type documented is the **IEP with Transition**. Editors only available for the Transition IEP are marked as Transition only below.

Editor Home

The Editor Home lists the editors available, their status, and Modification and Completion information.

Header	Description
Name	The name of the editor.

Header	Description
Status	<p>The state of the editor. Statuses can be:</p> <ul style="list-style-type: none"> • In Progress indicates a user has entered and saved data in that editor. • Not Started is the default status for all editors. • Complete indicates a user has clicked the Complete button on the editor, and the editor is read-only. This does not lock the editor from further editing but indicates the user considers the editor finished. • Not Needed indicates a user has clicked the Not Needed button on the editor. This is usually done for editors that do not apply to the student. <p>The following statuses are only available for certain state-specific documents:</p> <ul style="list-style-type: none"> • ESign indicates that the editor has functionality related to the eSignature process. See the Nevada Individual Education Plan eSignature Process or Delaware Special Ed Plan eSignature Process articles for additional information. • Complete Pending eSignature indicates the plan has been entered and sent via the Campus Parent portal to the student's guardian for eSignature.
Modified By	The date and the user by whom the editor was last edited.
Completed By	The date and the user who clicked the Complete button for that editor.

General Information

The following table lists the actions available for the editors. When resizing the window, certain buttons are condensed into a single **Action** button.

Button	Description
Save	<p>Different editors have different save options. Click the arrow next to the Save & Stay button to view all saving options for any given editor.</p> <ul style="list-style-type: none"> • Save captures progress and navigates the user to the Editor Home or to the List Screen for List editors. See the Editor Types section for additional information. • Save & Stay captures progress and keeps the user on the current editor. This save button is the default save option and is usually found within the detail screen or list editors, such as Goals and Objectives. • Save & Next captures progress and navigates the user to the next editor. • Save & New captures progress and creates a new record. This save button is usually found within the detail screen of a list editor, such as Goals and Objectives. See the Editor Type section for additional information.

Button	Description
Refresh	Retrieves a new copy of data from the student's record. This includes enrollment, student, parent/guardian, and team member information. This also returns any accidentally deleted records. Manually entered fields do not change when the refresh button is clicked. The user must Save after clicking Refresh to capture changes. A side panel displays a listing of all the student's applicable enrollment records. See the Enrollments tool documentation for additional information.
Cancel	Navigates the user to the Editor Home screen or the List Screen for List editors.
Status	Changes the status of the editor. <ul style="list-style-type: none"> • Complete indicates the editor is finished. This makes the editor read-only. However, this does not lock the editor from further editing. The user must click In Progress to further edit after an editor is marked Complete. • Not Needed indicates the editor does not apply to the student's plan or evaluation. This makes the editor read-only. However, this does not lock the editor from further editing. Click the In Progress button to further edit after an editor is marked Not Needed. • In Progress only displays when the editor is in the Complete or Not Needed status and allows additional edits to be made. <p>The following status is only available for the Nevada IEP:</p> <ul style="list-style-type: none"> • Complete Pending eSignature only displays for the Procedural Safeguards, IEP Implementation, and Medicaid Consent editors. This button marks the editor as complete until the parent/guardian electronically signs those sections of the plan via the Campus Parent Portal. See the Nevada Individual Education Plan eSignature Process or Delaware Special Ed Plan eSignature Process articles for additional information.
Print	Prints the entire document.
Editors	Opens a side panel listing all the available editors and their status. Select an editor from this list to navigate to that editor or click Close to collapse the side panel.
Previous	Navigates the user to the previous editor.
Next	Navigates the user to the next editor.

Editor Types

There are two types of editors available: List or Basic editors. When navigating to a Basic editor, the list of fields within the editor is displayed. List editors display a list of all records within that editor. Clicking an existing record or the **New** button opens the detail view for an individual record.

Editor Lock Out and Release Logic

Only one user at a time can actively work on an editor. A person with a padlock icon () displays in the Editors side panel, Editor Home, and List Screen of list editors indicating which editors

currently have users working on them. Hovering over the icon displays the name of the user who has checked out the editor, including the current user (you).

Editors that are currently being edited are read-only for all other users. The name of the person working on the editor displays in the header.

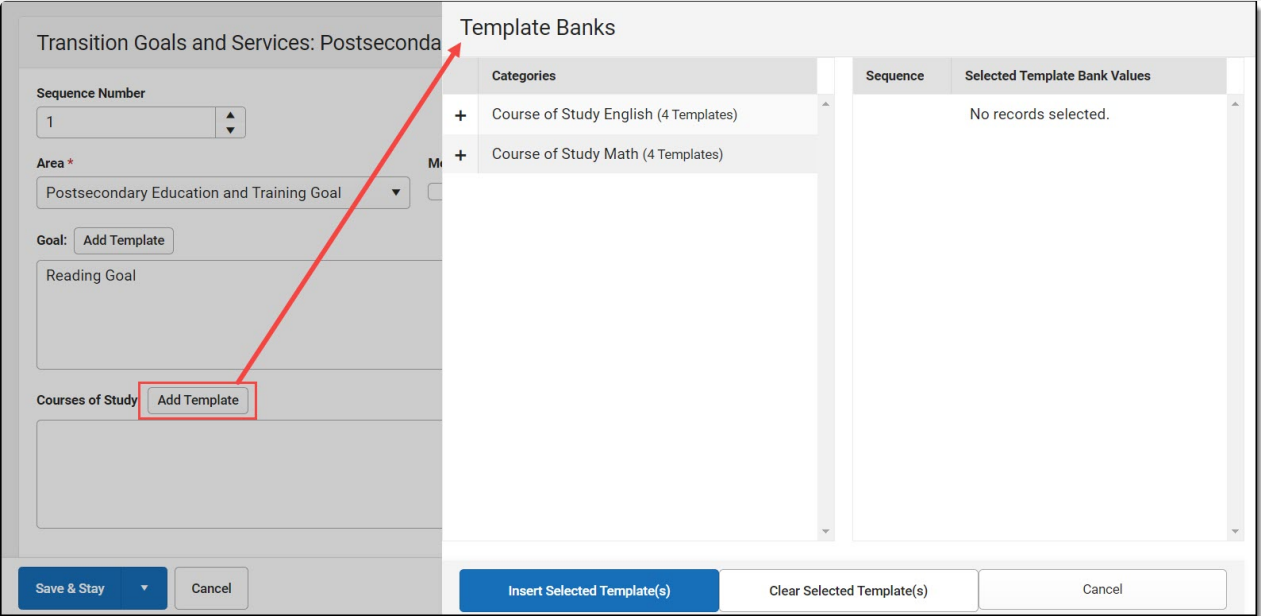

To release an editor, the user must:

- navigate to the next editor by clicking **Save and Next** or the **Editors** button and selecting the next editor from the side panel.
- click the **Cancel** button to return to the Editor Home screen.
- log out of the Campus application.
- navigate to a different tool in the Campus application.

Editors are automatically released when the in-application timeout limit has been exceeded. This is a back-end process and is usually around 30-60 minutes.

Template Banks

Certain fields within several editors have an **Add Template** icon that displays next to their name. Clicking this button displays a side panel with the available library of predetermined text for that field. [Template Banks](#) are managed in System Administration.

Beginning not later than one year before the child reaches the age of majority under state law, the child and parent(s)/guardian(s) must be informed of the rights under IDEA that will transfer to the child when that child reaches the age of majority.

When a child with a disability reaches the age of majority under state law, all parental/guardian rights transfer to the child, unless the child has been determined to be incompetent, or does not have the ability to provide informed consent with respect to his/her educational program.

Please refer to state and/or tribal agency regulations regarding age of majority.

ESY Information

The Extended School Year (ESY) Information editor is used to document information about the student regarding services beyond the standard school time, such as beyond school hours or during breaks. This includes the team's decision regarding the student's participation in an ESY program.

Extended School Year Information NOT STARTED Editor 11 of 28

Each public agency must ensure that extended school year services are available as necessary to provide FAPE.

A significant regression/recoupment factor provides the premise for establishing eligibility for Extended School Year Services (ESY). The regression/recoupment factor is relative to the student's current Individualized Education Plan (IEP) goals, objectives and present levels of education performance based on multidisciplinary team data, including information from the parent(s)/guardians.

To determine eligibility for ESY services, the IEP team must do the following:

1. Check all statements in the General Information section below which apply to the student. A checkmark in any of the boxes indicates the need for the IEP to give further consideration to the student's need for ESY services.
2. Provide documentation indicating that the student's regression of academic, behavior, and/or life skills and the length of time it takes to regain lost skills render it unlikely that the student will attain a state of self sufficiency that student would otherwise reasonably be expected to reach.

General Information

- The student experiences significant regression on learned skills or adaptive behaviors over regularly scheduled school breaks during the school year.
- The student requires a significant amount of time and effort to recoup previously learned behaviors and skills.
- The student has a previous record of regression and limited recoupment over regularly scheduled tasks.
- The student has received previous ESY services that resulted in positive benefits for the student.
- The student has needs that could not be met in other summer programs; however, these programs have been considered and determined to be of less benefit than ESY.

*NOTE: Students may participate in both programs.
