Tool Search: Special Ed Caseload

The Caseload provides two ways users can view the students in their caseloads. Students appear in a user's caseload based on the user's [Team Memberships](#) of **Case Manager** or **Service Provider**. Service Providers can also appear if they are selected as providers of Services in the student's Plan. The students who appear in the caseload are not determined by the Year, School, or Calendar selected in the Campus toolbar.
