*Medicaid Service Detail Report*

## Report Logic

The Service Detail Report provides information on the services being provided to students. It does not report any student information. This information is reported from the [Medicaid Services](#) list and the Medicaid Service Rates associated with those services.

## Report Editor

The following fields are available for selection.

Field	Description
<b>Effective Date</b>	Entered date is used to report active services as of that date. This field is auto-populated with the current date, but it can be changed by typing a new date in <i>mmddyy</i> format or using the calendar icon to select a date.

Field	Description
<b>Service Group</b>	Selected services groups display the service list. These service groups are assigned to services when setting up the Medicaid services provided. At least one service group needs to be selected in order to generate the report.
<b>Service List</b>	At least one service needs to be selected in order to generate the report.
<b>Sort Option</b>	The report can be sorted by the Name of the Service, the Number of the Service or the Group to which it's associated.
<b>Format</b>	The report can print in PDF, DOCX, or HTML format.

## Generate the Services Detail Report

1. Enter the **Effective Date** of the report.
2. Select the **Service Groups** to include on the report.
3. Select the **Services** to include on the report from the Service List.
4. Select the **Sort Option** of the report.
5. Select the desired **Format** of the report.
6. Click the **Generate Report** button. The report will generate in a new window and appear in the selected format.
