Report Logic

The Service Detail Report provides information on the services being provided to students. It does not report any student information. This information is reported from the Medicaid Services list and the Medicaid Service Rates associated with those services.

Report Editor

The following fields are available for selection.

Field	Description
Effective Date	Entered date is used to report active services as of that date. This field is auto- populated with the current date, but it can be changed by typing a new date in <i>mmddyy</i> format or using the calendar icon to select a date.
Service Group	Selected services groups display the service list. These service groups are assigned to services when setting up the Medicaid services provided. At lease one service group needs to be selected in order to generate the report.
Service List	At least one service needs to be selected in order to generate the report.
Sort Option	The report can be sorted by the Name of the Service, the Number of the Service or the Group to which it's associated.
Format	The report can print in PDF, DOCX, or HTML format.
