## Academic Programs Requirements Editor

Field	Description
-------	-------------

Field	Description
<b>Requirement/Description</b> <i>Required</i>	Text entered here displays on the student's <a href="#">Grad Progress</a> tab in the Academic Requirements section. Entered text does not have to be the course name (it could be the course name), but rather a district's label of what the student needs to take to meet that Academic Requirement. For example, a student might need to complete two academic programs. The entered text might be "Students must complete two of the core CTE Pathways."
<b>Academic Program Options</b> <i>Required</i>	Lists the selected Academic Programs. These programs are created in the Academic Programs tool. Inactive programs display in red.
<b>Minimum Required</b> <i>Required</i>	Indicates the minimum number of Academic Programs the student needs to complete. This number cannot be greater than the number of Academic Programs created.
<b>Sequence</b>	Entered numeric value determines the order in which requirements display on reports, on the portal, etc. Requirements without a sequence value display first; when entering requirements, assign a sequence value to all requirements or to no requirements.
<b>Add Academic Program Requirement</b>	Clicking this button adds an additional row to add more career tech requirements to the graduation program. There is no limit to the number of course requirements that can be added.

## Enter Academic Program Requirements

Ensure the correct Year, School and Calendar is selected in the Campus toolbar.

1. Select the correct Graduation Program from the **Graduation Programs** tree and expand the options.
2. Select **Academic Program Requirements**. An Academic Program Requirements Detail table displays.
3. Enter the **Requirement Description** for the program.
4. Select the desired **Academic Program Options**.
5. Enter the **Minimum Required value** for the entered description.
6. Enter the **Sequence** value.
7. Click the **Add Academic Program Requirement** button to add additional course requirements to the Graduation Program.
8. Click the **Save** icon when finished.
