This form is to be completed by a health care provider (physician [MD, DO], advanced practice nurse [APN] or delegated physician's assistant [PA]) or school health authority. School-required immunizations follow the Advisory Committee on Immunization Practices (ACIP) schedule. If the student provides an immunization record in any other format apart from this Certificate or an Approved Alternate Certificate (details found at cdphe.colorado.gov/immunization/forms), the school health authority must transcribe the record onto this form. Note: Final doses of DTaP, IPV, MMR and Varicella are required prior to kindergarten entry. Tdap is required at sixth grade entry.

A positive laboratory titer report must be provided to the school to document immunity. More information on titers can be found within the Colorado Board of Health rule 6 CCR 1009-2.
 † For DTaP and Tdap, both the diphtheria and tetanus titers must be positive. A titer is never acceptable to demonstrate immunity to pertussis.
