Immunization Rules (Michigan)

Last Modified on 06/29/2026 10:21 am CDT

Tool Search: Vaccine Setup

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the Michigan State Department of Health.

For more information on the creation, modification or deletion of vaccine compliances, see the Vaccines page.

Read - View existing vaccines.
Write - Edit existing vaccines.
Add - Add new vaccines.
Delete - Delete vaccines.

Read rights allow full access to Vaccines for states with hard-coded vaccine rules.

For more information about Tool Rights and how they function, see this Tool Rights article.

Immunization Rules

The following tables describe all Michigan immunization requirements per vaccine.

DTap

Rule	Requirements
Age 0-1 month *No Requirement*	Students 1 month old and younger are not required to receive any doses of the DTaP vaccine.
2-3 months *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 2 months, but no older than 3 months old, • the student is in state grade: 30: Early Childhood/Early On, • the student receives one dose of the DTaP/DTP or DT vaccine.

Rule	Requirements
4-5 months *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 4 months, but no older than 5 months old, • the student is in state grade: 30: Early Childhood/Early On, • the student receives two doses of the DTaP/DTP or DT vaccine.
6-18 months *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 6 months, but no older than 18 months old, • the student is in state grade: 30: Early Childhood/Early On, • the student receives three doses of the DTaP/DTP or DT vaccine.
19 mos and older *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 19 months old, • the student is in state grade: 30: Early Childhood/Early On, • the student receives four doses of the DTaP/DTP or DT vaccine.
4-6 yrs *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 48 months, but no older than 83 months old, • the student receives four doses of the DTaP/DTP or DT vaccine, and • the difference between the last dose and the student's birthdate is greater than or equal to 48 months with a 0 (zero) day tolerance.
7 yrs and up *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 84 months old, • the student receives four doses of the DTaP/DTP, Tdap, Td, or DT vaccine.
7 yrs and up Td *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 84 months old, • the student receives three doses of the DTaP/DTP, Tdap, Td, or DT vaccine, • the student receives one dose of the TD or Tdap vaccine, and • the difference between the last dose and the student's birthdate is greater than or equal to 84 months with a 0 (zero) day tolerance.

Tdap

Rule	Requirements
1 dose 11 yrs and older *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 132 months old, • the student receives one dose of the Tdap vaccine, and • the difference between the last dose and the student's birthdate is greater than or equal to 132 months with a 0 (zero) day tolerance.
1 dose 11 yrs and older *Non-compliant*	Students are considered non-compliant when the following conditions have been met: • the student is at least 132 months old, • the student receives one dose of the Tdap, DT, Td, or DTaP/DTP vaccine, and • the difference between the last dose and the effective date is greater than or equal to 60 months with a 0 (zero) day tolerance.

Hepatitis B

Rule	Requirements
Birth-1 mos *No Requirement*	Students 1 month old and younger are not required to receive any doses of the Hepatitis B vaccine.
2-3 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 2 months, but no older than 3 months old, • the student receives one dose of the Hepatitis B vaccine.
4-18 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 4 months, but no older than 18 months old, • the student receives two doses of the Hepatitis B vaccine.
3 doses *Compliant*	Students are considered compliant when the following conditions have been met: • the student receives three doses of the Hepatitis B vaccine.
2 doses *Compliant*	Students are considered compliant when the following conditions have been met: • the student receives two doses of the Hepatitis B - 2 Dose vaccine.

MMR

Measles-Mumps-Rubella

Rule	Requirements
Birth - 15 mos *No Requirement*	Students 15 months old and younger are not required to receive any doses of the Measles/Mumps/Rubella vaccine.
16 mos - 4 yrs MMR *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 16 months, but no older than 47 months old, • the student receives one dose of the MMR or MMRV vaccine, and • the difference between the last dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance.
16 mos - 4 yrs M,M,R *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 16 months, but no older than 47 months old, • the student receives one dose of the Measles vaccine, and ◦ the difference between the last dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance, OR • the student receives one dose of the Mumps vaccine, and ◦ the difference between the last dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance, OR • the student receives one dose of the Rubella vaccine, and ◦ the difference between the last dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance.
4 yrs and up MMR *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 48 months old, • the student receives two doses of the MMR or MMRV vaccine, and • the difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance.

Rule	Requirements

4 yrs and up M,M,R	Students are considered compliant when the following conditions have been met:
	• the student is at least 48 months old,
	• the student receives two doses of the Measles vaccine, and
	  ◦ the difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance, OR
	• the student receives two doses of the Mumps vaccine, and
	  ◦ the difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance, OR
	• the student receives two doses of the Rubella vaccine, and
	  ◦ the difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance.

4 yrs and up 1MMR, 1M, 1M, 1R
Compliant
	Students are considered compliant when the following conditions have been met:
	• the student is at least 48 months old,
	• the student receives one dose of the MMR or MMRV vaccine,
	  ◦ the difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance, AND
	• the student receives one dose of the Measles vaccine, and
	  ◦ the difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance, OR
	• the student receives one dose of the Mumps vaccine, and
	  ◦ the difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance, OR
	• the student receives one dose of the Rubella vaccine, and
	  ◦ the difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance.

Varicella

Rule	Requirements
Birth - 15 mos *No Requirement*	Students 15 months old and younger are not required to receive any doses of the Varicella vaccine.

Rule	Requirements
16 mos and older *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 16 months old, • the student receives one dose of the Varicella or MMRV vaccine, and • the difference between the last dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance.
2 doses *Compliant*	Students are considered compliant when the following conditions have been met: • the student receives two doses of the Varicella or MMRV vaccine, and • the difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 0 (zero) day tolerance.

Polio

Rule	Requirements
Birth - 1 mo *Compliant*	Students 1 month old and younger are not required to receive any doses of the Polio vaccine.
2-3 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 2 months, but no older than 3 months old, and • the student receives one dose of the IPV/OPV, IPV, or OPV Polio vaccine.
4-18 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 4 months, but no older than 18 months old, and • the student receives two doses of the IPV/OPV, IPV, or OPV Polio vaccine.
19 mos and older *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 19 months old, • the student is in state grade: 30: Early Childhood/Early On, and • the student receives three dose of the IPV/OPV, IPV, or OPV Polio vaccine.

Rule	Requirements
4-6 yrs *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 48 months, but no older than 72 months old, • the student receives three doses of the IPV/OPV, IPV, or OPV Polio vaccine, and • the difference between the last dose and the student's birthdate is greater than or equal to 48 months with a 0 (zero) day tolerance.
7 yrs and up *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 84 months old, and • the student receives three doses of the IPV/OPV, IPV, or OPV Polio vaccine.

Pneumococcal

Rule	Requirements
Age 0-1 months *No Requirement*	Students 1 month old and younger are not required to receive any doses of the Pneumococcal vaccine.
1 dose 2-3 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 2 months, but no older than 3 months old, and • the student receives one dose of the Pneumococcal PCV or PPV vaccine.
2 dose 4-5 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 4 months, but no older than 5 months old, and • the student receives two doses of the Pneumococcal PCV or PPV vaccine.
3 dose 6-15 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 6 months, but no older than 15 months old, and • the student receives three doses of the Pneumococcal PCV or PPV vaccine.

Rule	Requirements
4 dose 16 mos and older *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 16 months, and • the student receives four doses of the Pneumococcal PCV or PPV vaccine.
1 dose 24 mos - 4 yrs *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 24 months, but no older than 48 months old, • the student receives one dose of the Pneumococcal PCV or PPV vaccine, and • the difference between first dose and the student's birthdate is greater than or equal to 24 months with a 0 (zero) day tolerance.
Age 5 yrs and older *No Requirement*	Students 60 months old and older are not required to receive any doses of the Pneumococcal vaccine.

HIB

Rule	Requirements
Birth - 1 mo *No Requirement*	Students 1 month old and younger are not required to receive any doses of the Hib vaccine.
2-3 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 2 months, but no older than 3 months old, and • the student receives one dose of the Haemophilus influenza, type B (Hib) vaccine.
4-15 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 4 months, but no older than 15 months old, and • the student receives two dose of the Haemophilus influenza, type B (Hib) vaccine.

Rule	Requirements
16 mos - 4 yrs - 1 dose >= 15 mos *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 16 months, but no older than 48 months old, • the student receives one dose of the Haemophilus influenza, type B (Hib) vaccine, and • the difference between the last dose and the student's birthdate is greater than or equal to 15 months with a 0 (zero) day tolerance.
16 mos - 4 yrs *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 16 months, but no older than 59 months old, and • the student receives two doses of the Haemophilus influenza, type B (Hib) vaccine.
5 yrs and up *No Requirement*	Students 60 months old and older are not required to receive any doses of the Hib vaccine.

Meningococcal

Rule	Requirements
1 dose 11-18 yrs *Compliant*	Students are considered compliant when the following conditions have been met: • the student is at least 132 months, but no older than 216 months old, • the student is in state grade(s): 06, 07, 08, 09, 10, 11, 12, and • the student receives one dose of the Meningococcal (MCV4 or MenACWY) vaccine.
1 dose 11 yrs and older *Non-compliant*	Students are considered non-compliant when the following conditions have been met: • the student is at least 132 months, but no older than 216 months old, • the student is in state grade(s): 06, 07, 08, 09, 10, 11, 12, and • the student has received no doses of the Meningococcal (MCV4 or MenACWY) vaccine.
