Homeless Services Forms

Tool Search: Forms

The Homeless Services module allows Kentucky districts to store and organize Homeless Services forms, including a state-flagged interactive PDF form called 'Homeless Youth and Children Addendum to Services'. Districts can add their forms to this module, and Infinite Campus will add any future state Homeless Services documents.

A DIS object will sync state-flagged Homeless Services forms from districts to the Kentucky State Edition and state-flagged Homeless Services forms are included in intrastate Student Records Transfers.
