

Schedule Conflicts Report

Last Modified on 04/01/2025 1:18 pm CDT

Tool Search: Schedule Conflicts

The Schedule Conflicts Report lists each non-alternate request that has not been fulfilled in the currently active trial.

- When all sections for that course are full, the report displays NO SEATS REMAIN.
- When the Course only has one section, and the student has a course in their schedule that also only has one section, the report displays SINGLETON CONFLICT.
- When the student has no schedule gaps, or the size of the course is larger than the size of the schedule hole, the report displays FULL SCHEDULE.
- When the Conflict type column is blank (no words display), student requests have not been scheduled. For all other situations, the report displays CONFLICT.

The screenshot shows the 'Schedule Conflicts Report' tool interface. At the top, there is a green header with the Infinite Campus logo and a search icon. Below the header, the title 'Schedule Conflicts Report' is displayed with a star icon. A blue bar below the title reads 'Student Schedule Conflicts Report'. A text box explains the report's purpose: 'List each non-alternate request that hasn't been fulfilled in the currently active trial. If all sections for that course are full, display "NO SEATS REMAIN". If the Course only has 1 section, and the student has a course in their schedule that also only has 1 section, display "SINGLETON CONFLICT". If the student has no schedule gaps, or the size of the course is larger than the size of the schedule hole, display "FULL SCHEDULE". For all others, display "CONFLICT".'

The main form area contains several sections:

- Which students would you like to include in the report?**
 - Grade: A dropdown menu is open, showing options: All, 08, 09, 10.
 - Ad Hoc Filter: A dropdown menu.
- Which types of request conflicts would you like to include in the report?**
 - CONFLICT
 - SINGLETON CONFLICT
 - FULL SCHEDULE
 - NO SEATS REMAIN
- How would you like the report sorted?**
 - Student Name
 - Grade
- Display Gender Identity on Report
- Report Format: PDF (dropdown)

At the bottom of the form, there are two buttons: 'Generate Report' and 'Submit to Batch'. Below these buttons, there is a 'Refresh' button, a 'Show top 50' dropdown, and a date range filter: 'tasks submitted between 03/04/2022 and 03/11/2022'. At the very bottom, there is a 'Batch Queue List' table with columns: 'Queued Time', 'Report Title', 'Status', and 'Download'.

Schedule Conflicts Report

See the [Scheduling & Courses Reports Tool Rights](#) article for information about rights needed to use this tool.

Report Editor

Field	Description
Grade	Lists the grade level of enrollment of the students to include on the report.
Ad hoc Filter	Selecting an ad hoc filter returns requests for only those students included in the Ad hoc filter.
Which types of request conflicts would you like to include in the report?	Selection indicates which types of conflicts to include in the report. Options are: <ul style="list-style-type: none"> • Conflict • Full Schedule • Singleton Conflict • No Seats Remain
How would you like the report sorted?	Options are Student Name or Grade . <ul style="list-style-type: none"> • Student Name lists the students on the report alphabetical by last name. • Grade level lists the students in grade level order by last name.
Display Gender Identity on Report	When marked, the student's preferred gender as noted on the student's Identity Record in the Gender field (not the Legal Gender field available in the Protected Identity Information) is included in the report. When not marked, gender information does not display on the report.
Report Format	Available in PDF and DOCX format.
Report Generation	Two buttons are available for report generation: <ul style="list-style-type: none"> • Generate Report - displays the report instantly. • Submit to Batch - sends the report to the Batch Queue for generation at a specified time. This option is recommended when generating the report for a large number of students.

Generate the Schedule Conflicts Report

If a student does not have any course requests scheduled, the student and all of their course requests will also be listed, regardless of the options chosen when running the report.

1. Select the **Grade** levels of the students to include in the report. Or, select an existing **Ad hoc Filter** that includes the students.
2. Select the **Types of Request Conflicts** to include in the report. All options are automatically selected. Remove the checkbox from the items that should not be included.
3. Determine how the report should be sorted - by **Student Name** or by **Grade** level.
4. Determine whether **Gender Identity** should print on the report.
5. Select the **Report Format**.
6. Click **Generate Report** to generate the report immediately, or use the **Submit to Batch** to choose when a report generates.

Students who are assigned an Academic Program with a **priority requirement** display in bold text.
