Tool Search: Staff History Report

The Staff History Report provides a list of Courses and Course Sections and assigned Primary Teachers, Teachers and Section Staff based on the effective date entered on the Report editor. The report can be generated to print the following:

- Only sections with staff
- Include sections with staff and without staff
- Only include sections without staff

This information is entered on the [Staff History](#) tool.

The screenshot shows the 'Staff History Report' tool interface. At the top, there is a green header with the 'Infinite Campus' logo. Below the header, the title 'Staff History Report' is displayed with a star icon. A blue bar below the title contains the text 'Staff History Report'. Underneath, a message states: 'This will report Primary Teachers, Teachers, and Section Staff assigned to sections b'. The main content area is titled 'Courses' and features a scrollable list of course codes and names, including 'All Courses', '0609 6 BEG. Underneath these are three checked checkboxes for 'Which type of staff should be included?': 'Primary Teacher', 'Teacher', and 'Section Staff'. At the bottom, there is an 'Effective Date' field with a calendar icon, a 'Report Format' dropdown menu set to 'PDF', and a 'Generate Report' button.

Staff History Report

When a teacher is assigned to a Course Section for a specific date range (long term substitute or a temporary assignment), the dates associated with that assignment print. See the [Staff History Date Logic](#) section for guidance on entering Start and End Dates for a staff person.
