Search Terms: Ed-Fi

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to enable the Cohorts resource for Ed-Fi reporting.

1. Set the Cohorts preference to **ON**.

The screenshot shows a configuration panel titled "Cohort Information". At the top right of the panel is a master toggle switch labeled "OFF". Below this, there are three rows of settings, each with a label on the left and a toggle switch on the right. The first row, "Cohorts", is highlighted with a red rectangular border, and its toggle switch is labeled "ON" and is in the "ON" position (blue circle). The second row, "Staff Cohort Associations", has a toggle switch labeled "ON" and is in the "ON" position. The third row, "Student Cohort Associations", also has a toggle switch labeled "ON" and is in the "ON" position.

Cohort Information	
Cohorts	ON
Staff Cohort Associations	ON
Student Cohort Associations	ON
