Report Logic

Students who qualify for Title 1 Services at any point during the reporting school year report.

One record is reported for all students who have a Title 1 Service record associated with the school selected in the report editor and enrolled in the selected calendar year. If a student has more than one eligible Title 1 Service, only 1 record reports for all eligible selections on the report. If a student has more than one enrollment with eligible Title 1 services, one record reports per enrollment.

Non-Binary Gender Reporting

Schools can assign students a gender of M: Male, F: Female or N: Non-binary. This is done on the Identities tool and/or the Demographics tool.

> Data Pipeline Extracts and other required extracts use the Legal Gender field included in the Protected Identity Information to report student identity information.

To properly record a gender of N: Non-Binary, on the Identities tool:

1. Assign the **Gender of N: Non-Binary** in the standard identify fields.
2. Assign the **Protected Identity Information Legal Gender** field to M: Male, F: Female or N: Non-Binary.
3. Save the record when finished.

Gender and Legal Gender Assignment
