This tool is available as part of the [Campus Learning](#) premium offering.

## Tool Search: Standards Portfolio

The Standards Portfolio displays all grades received for standards across the student's school career tracking student progress towards proficiency on standards over time. Users must have appropriate tool rights to view data from previous calendars.

The screenshot shows the 'Standards Portfolio' tool interface. At the top, there is a navigation bar with the Infinite Campus logo, a search bar, and a 'None' dropdown for filters. Below the navigation bar, the title 'Standards Portfolio' is displayed, along with the path 'Student Information > General > Standards Portfolio'. The main content area is titled 'Standards Portfolio' and includes a 'Filters' section with dropdowns for 'Year' (17-18), 'Course' (3100 English 9), and 'Pass/Fail' (All Grades). There is also a 'Standard' dropdown set to 'All Standards'. Below these are 'Export' buttons for Excel and PDF, and a 'Year' and 'Course' filter dropdown. The main table displays student grades across multiple years and courses. The table has columns for Standard, Grade, Grade Level, Year, and Course. The data shows various ELA standards with grades ranging from 1 to 4 across different years and courses.

## Filters

Filter data by **Year**, by **Course**, by whether the student received a **Passing** or **Failing** score, or by **Standard**. These filters are specific to the student. For example, only courses the student has taken are listed.

**Save** a filter and enter a Name to return to it later. Filters saved on the Standards tab are also available to teachers in the [Progress Monitor](#), so filter names should be unique and descriptive. For example, this image shows a saved filter that shows instances where the student received a failing grade on English Language Arts standards:
