Tool Search: Enrollments

The Enrollments tool displays all occurrences of a student's enrollment in the district. Because this is a historical view, this list could be long.

Enrollments are first listed by grade level first, then by enrollment start date. To reorder the list of enrollments, click the blue hyper-linked headers in the Enrollments Editor list. Enrollment records can be sorted by Grade, Calendar, Start Date or End Date.

See the core [Enrollments](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Enrollment records.
