A student is included in the report when at least ONE of the following is true:

- At least one date - Special Ed Start Date, Special Ed End Date - falls within the reporting

period. OR

- The student has an active and locked IEP AND at least one date of the plan falls within the reporting period. OR

 - When a student has an active and locked Evaluation with Part C Referral of 06 AND Eligibility & Services of 04 during the reporting period AND has an IEP with Services that were active during the reporting period, then the most recent service IEP is used to calculate the Service Hours per Week, Total School Hours per Week, Extended School Year Services. See the [Hours of Service](#) table for conversion values.

Only one record per administrative unit code reports for the student.

Records are not included when:

- The student's enrollment record is marked as a No Show.
- The enrollment record is marked as State Exclude.
- The Grade Level of enrollment is marked as State Exclude.
- The Calendar selected is marked as State Exclude.

Students who have an ILP or other plan type that is not an IEP are NOT included in this report.

Non-Binary Gender Reporting

Schools can assign students a gender of M: Male, F: Female or N: Non-binary. This is done on the [Identities](#) tool and/or the [Demographics](#) tool.

Data Pipeline Extracts and other required extracts use the Legal Gender field included in the Protected Identity Information to report student identity information.

To properly record a gender of N: Non-Binary, on the Identities tool:

1. Assign the **Gender of N: Non-Binary** in the standard identify fields.
2. Assign the **Protected Identity Information Legal Gender** field to M: Male, F: Female or N: Non-Binary.
3. Save the record when finished.

The screenshot shows the 'Identities' tool interface for a student named Luka A. The 'Identity Information' section includes fields for PersonID (120648), Last Name (Student), First Name (Luka), Middle Name (Andrea), and Suffix. The 'Gender' dropdown menu is highlighted with a red box and set to 'N: Nonbinary'. Below this, the 'Protected Identity Information' section includes fields for Legal Last Name (Student), Legal First Name (Luka), Legal Middle Name, and Legal Suffix. The 'Legal Gender' dropdown menu is also highlighted with a red box and set to 'Female'. The interface includes 'Save' and 'New' buttons at the top left and a 'Related Tools' dropdown at the top right.
