Tool Search: Teacher Course Assignment

The Teacher Course Exit Report lists teachers and course sections taught by all teachers who have a state teacher role assigned to them and have either an exit date populated on the [Section Staff History](#) tab or are tied to a course section that has ended within the start and end date on the extract editor.

Information is pulled from the active [Scheduling Trial](#) of the selected calendar.

The screenshot displays the 'Teacher Course Assignment' interface. At the top, there is a navigation bar with a menu icon, a search icon, and the 'Infinite Campus' logo. Below this is a title 'Teacher Course Assignment' with a star icon. A blue header bar reads 'IL Teacher Course Assignment Extracts'. The main content area contains three paragraphs explaining the reports: 'TCA Entry Report', 'TCA Exit Report', and 'TCA Errors and Warnings Report'. Below the text are two columns of settings. The 'Extract Options' column includes fields for 'Report Type' (set to 'Teacher Course Exit'), 'File Identifier' (001), 'Start Date', 'End Date', 'Strip Apostrophes' (unchecked), 'Report Protected Identities' (checked), 'Format' (State Format(Comma Delimited)), and 'Ad Hoc Filter'. The 'Select Calendars' column asks 'Which calendar(s) would you like to include in the report?' and offers three radio button options: 'active year' (selected), 'list by school', and 'list by year'. A scrollable list shows school names for the '20-21' year, including Abbott Elementary, Baird Elementary, Chowen Middle, Drew Middle, Ewing High, and Fremont High. At the bottom of the interface are 'Generate Report' and 'Submit to Batch' buttons. The entire interface is framed by a light gray border with the text 'Teacher Course Exit Report' centered at the bottom.

Report Logic

In order for a teacher to populate on the Teacher Course Exit Report, the following must be true:

- The teacher must have one of the following selected in the State Teacher Role field on the [Staff History](#) tool to which they are assigned:
 - 200 - Teacher
 - 611 - Student Teacher
 - 201 - Reading Teacher
 - 207 - Speech Language Pathology Teacher
- AND Have an End Date on the Staff History tab
- OR the Course Section has ended on or after the start date and on or before the end date on the extract editor.

Teachers appear once for every section to which they are assigned that meets these requirements.

Sections associated with courses that are marked as State Exclude or are not marked as active are NOT included.

For more information on adding teachers to sections, see the [Staff History](#) documentation.

Report Editor

The following defines the options available on the Teacher Course Entry editor.

Field	Description
Report Type	Determines which Teacher Assignment report will generate. For this instance, select Teacher Course Exit .
File Identifier	A numeric field that notes the number of times the report has been generated. This field is used in the File Naming Convention when submitting the extract in the State Format (RCDTS or District Name + __ + MMDDYYY_File Identifier).
Date Range (Start Date and End Date)	Starting Date and Ending Date from which teaching data is pulled. Dates are entered in <i>mmddyy</i> format or use the calendar icon to select a date.
Strip Apostrophes	When marked, the following marks are removed from student names and other reported data: <ul style="list-style-type: none"> • Apostrophes ('), Commas (,), Periods (.) • Umlaut (Ö) • Tilde (Ñ) • Grave Accents (Ò), Acute Accents (Ó) • Circumflex (Ô) When not marked, these marks are not removed.

Field	Description
Report Protected Identities	When marked, identity information (last name, first name, etc.) reports from the Protected Identity Information fields.
Format	Selection determines how the report will generate. Options are State Format (Comma Delimited) , HTML and Tab Delimited . Use the HTML format or the Tab Delimited format for data review prior to sending to the state.
Ad hoc Filter	Select which students to include in the extract by choosing a filter that was created in the Filter Designer. When a filter is selected, only those students included in the filter are included in the report. This is optional. Students can also be selected by grade level. Or choose both a grade level and an ad hoc filter.
Calendar Selection	Selection indicates from which school year and school teacher data is pulled. Multiple calendars may be selected. The calendar chosen in the Campus toolbar is automatically selected in the extract editor.
Report Generation	The report can be marked to generate immediately using the Generate Report button or can be marked to generate at a later time using the Submit to Batch button. See the Batch Queue information for additional guidance.

Generate the Teacher Course Exit Report

1. Select **Teacher Course Exit** as the **Report Type**.
2. Enter the **File Identifier** value.
3. Enter the **Start Date** for the report.
4. Enter the **End Date** for the Report.
5. If desired, mark the **Strip Apostrophes** checkbox.
6. If desired, mark the **Report Protected Identities** checkbox.
7. Select the **Format** in which the report should be generated.
8. If desired, select an **Ad hoc Filter**.
9. Select the **Calendar(s)** from which to pull data.
10. Click the **Generate Report** button to display the information immediately or click the **Submit to Batch** button to display the report at a later time.

The report displays in the selected format.
