[Forgot Password & Forgot Username](#) | [Help \(All Login Pages\)](#) | [New User \(Campus Parent and Portal\)](#) | [Providing Activation Keys](#)

Tool Search: Login Page Preferences

The Login Page Preferences tool allows users to determine the text and options that display on login pages, including information specific to Campus Parent and Student Portals.

The screenshot shows the 'Login Page Preferences' configuration page. At the top, there is a breadcrumb trail: 'User Management > Settings > Login Page Preferences'. The main heading is 'Login Page Preferences' with a star icon. Below the heading, there is a note: 'Note: [Forgot Password](#) and [Forgot Username](#) links are displayed when [Password Reset](#) is enabled.' Underneath, there is a section for 'Help (All Login Pages)' with a checked checkbox 'Show link to the Help page'. Below this is a rich text editor with a toolbar containing icons for bold, italic, underline, text color, background color, bulleted list, numbered list, link, unlink, insert image, and a plus sign. The text in the editor is: 'Parents/Guardians: If you have any questions about your campus portal user account, or having trouble logging in, please contact your child's school Portal Manager. Students: If you forgot your password, please click on the following link: [Password Recovery](#).' At the bottom left of the form is a 'Save' button.

Users must have a [Student Information System \(SIS\) Product Security](#) role to access this tool.

Forgot Password & Forgot Username

If a district has enabled [Password Reset](#), the options for [Forgot Password](#) and [Forgot Username](#) will be displayed below the login button.

See the [Managing User Account Passwords](#) page for more information about the Password Reset workflow and related processes.

Help (All Login Pages)

Mark the **Show link to the Help page** checkbox to display options. This content is displayed on all login pages - staff, parents, and students.

Help (All Login Pages)

Show link to the **Help** page

Text that displays on the Help page, edit as desired *

Paragraph ▼ **B** *I* U [List Icons] [Link Icon] [Image Icon] [Table Icon]

Having trouble logging in to Campus? Please contact the district using the support using the email or phone number below.

System Support Phone Number: (123)555-4567 [Edit](#)

Show phone number on the **Help** page

System Support Email Address: support@district.com [Edit](#)

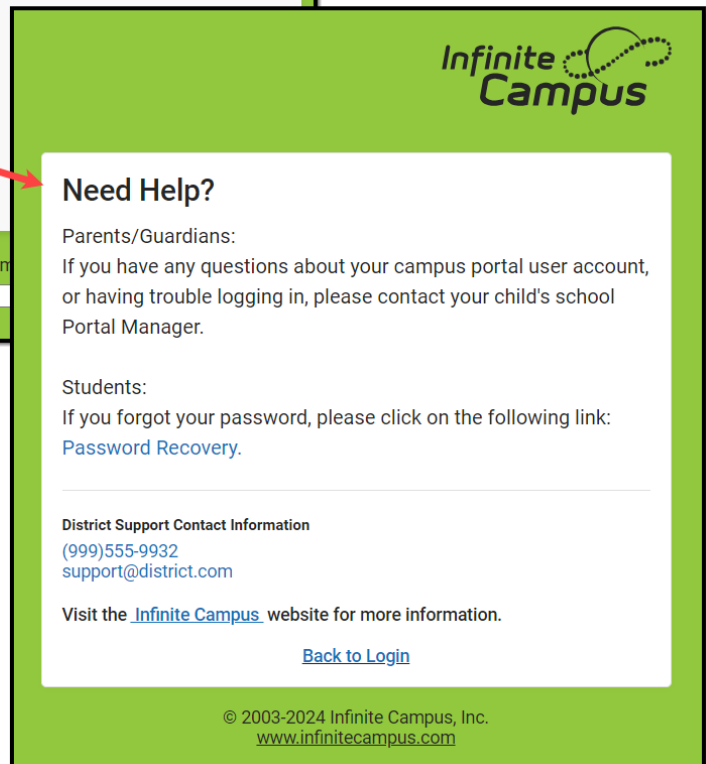

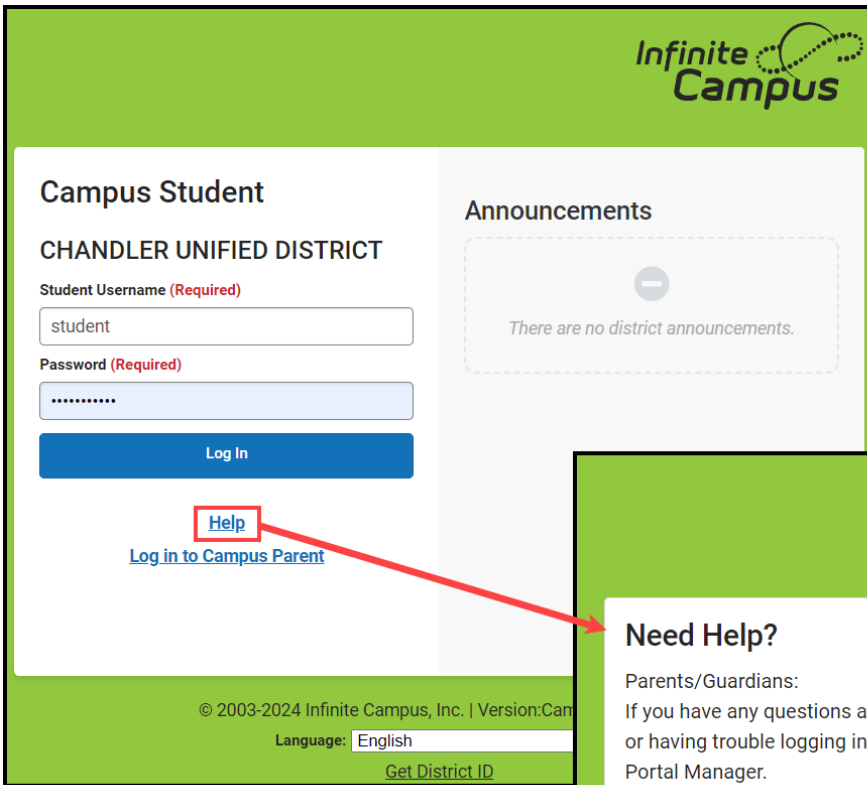

Show email address on the **Help** page

Show link to [Infinite Campus Website](#) on the **Help** page (Only on Campus Parent and Campus Student)

Users access Help content from the link on the login page. Enter text as desired, based on district policy.

The **System Support Phone Number** and **Email Address** populate from the [Support Contact Information](#) tool.

The link to the [Infinite Campus Website](#) provides basic troubleshooting guidance to Campus Student and Campus Parent users.

New User (Campus Parent and Portal)

Mark the **Show link to the New User page** checkbox to allow Campus Parent and Portal to access a New User area. This screen can contain instructions for new users, and allow users to create their own user accounts if the **Use Activation Key** option is also marked.

To use this option, districts should send activation keys to parents and enable the option to use an **Activation Key** to create new accounts. Parents can then enter the key given and create their own account by entering a username and password. See the [Providing Activation Keys](#) section below for more information.

If not using this option, use the text field to provide instructions to parent users explaining how to contact your district to receive an account, based on your district's policies and practices.

New User (Only on Campus Parent and Portal)

Show link to the **New User** page

Text that displays on the New User page, edit as desired *

Format ▼ **B** *I* U [List icons] [Link icon] [Image icon] [Table icon]

Activate your Campus Parent account by entering the activation key sent to you by your district.

If you do not have an activation key, please contact your district to obtain one.

Use **Activation Key** to create new Campus Parent accounts

New parent users can click **New User** from their login screen to review district-provided text or to enter their activation key and activate their account if enabled.

Providing Activation Keys

Districts can allow parents to create their own accounts by providing them with an activation key. This number is the person's **GUID** (Global Unique Identifier), found on the person's [Demographics](#) or Summary tab. The GUID is an alphanumeric identification number assigned to each person within Infinite Campus.

To facilitate the distribution of GUIDs, use the Ad hoc [Filter Designer](#) to generate a report of users' first and last names and GUIDs and then distribute that information to parents after they have returned the district's Acceptable Use Policy.
