CTE Courses Taken Report (Nevada) [.1905 - .2239]
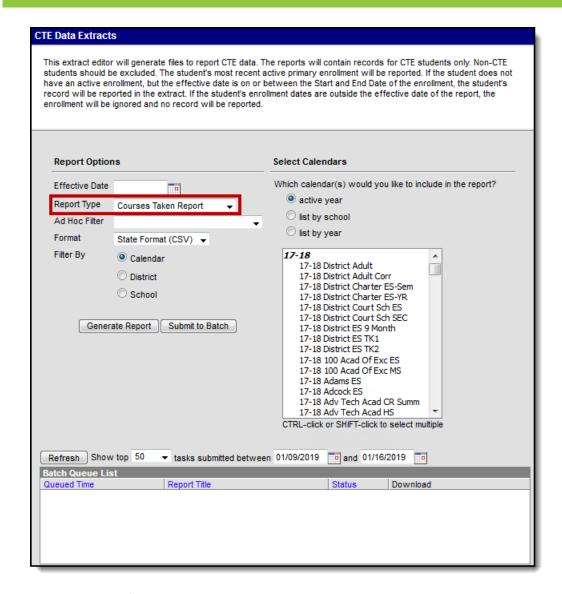

Last Modified on 07/11/2024 2:08 pm CDT

Report Logic | CTE Courses Taken Report Layout

The **CTE Data Extracts (NV)** tool was deprecated as of Campus.2243. Please refer to the CTE Reports article for information on generating and submitting CTE data to the Nevada Department of Education.

PATH: *NV State Reporting > CTE Data Extracts > Courses Taken Report*

The CTE Courses Taken Report is the second upload of CTE data which details CTE course enrollment and student demographic data. This report must also be reported to the Nevada Department of Education by mid November.

CTE Courses Taken Report

Report Logic

- If a student was active AND enrolled in a CTE course at any time during the reporting period, the student reports. However, data only reports from the primary enrollment.
- A course is considered a CTE course if the CTE Course Flag on Course > Custom Data Elements is marked.
- Courses marked as State Exclude are not included.
- This report includes the course primary teacher.

See the **CTE Extracts (Nevada)** article for directions for generating the extract.

CTE Courses Taken Report Layout

Element	Description	Type, Format and Length	Campus Database	Campus Application
District Code	The District code of the student's most recent primary enrollment record.

The State-assigned school district code of the student's most recent active primary enrollment record is reported. If the student does not have an active enrollment record but the Effective Date on the report editor is on or between the Start and End Date of the enrollment, the student's record is reported.

If the student's enrollment dates are outside the Effective Date on the report editor, the enrollment record is not reported. | Numeric, 2 digits | District.number | System Administration > Resources > District Information > District Information > District Editor > District Detail > Master District Code |
| **School Name** | The school's name. | Alphanumeric | School.name | System Administration > Resources > School > School Editor > School Detail > Name |

Element	Description	Type, Format and Length	Campus Database	Campus Application
School Code	The School code of the student's most recent primary enrollment record. The State-assigned school code of the student's most recent active primary enrollment is reported. If the student does not have an active enrollment record but the Effective Date on the report editor is on or between the Start and End Date of the enrollment record, the student's record is reported. If the student's enrollment Start and End dates are outside the Effective Date on the report editor, the enrollment record is not reported.	Numeric, 5 digits The first two numbers are the District Code and the last three numbers are the school code.	Calculated, not dynamically stored	System Administration > Resources > District Information > State District Number; System Administration > Resources > School > State School Number
